

Direct Air Link For Moscow And New York Seen

UNITED NATIONS, N.Y. (AP) — A New York-Moscow commercial air route is one of three items on which Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko may be able to reach quick agreement in talks this week.

Official U.S. sources also foresee possible agreements on building new embassies in Moscow and Washington, and allowing the U.S. Embassy in Moscow to have a private communications link with a U.S. post in Western Europe to speed its dispatches.

Bigger East-West questions which Rusk, Gromyko and British Foreign Secretary Lord Home are to explore this week are expected to take much more time.

These include such follow-ups to the limited nuclear test ban as exchanging observers to guard against surprise attack and an East-West nonaggression pact. U.S. sources said further consultations among the Western Allies are required before they can agree on the position to take toward such proposals.

In August 1961, U.S. negotiators initiated an agreement for a direct U.S.-Soviet air link but refused to sign it because of Soviet pressure then on West Berlin.

A spokesman for Pan American Airways, the U.S. airline slated to fly the Moscow route if the deal goes through, said today, "We are still ready and willing to fly."

Rusk scheduled another day of talks with foreign leaders attending the fall session of the U.N. General Assembly. He had an important morning appointment with Indonesia's Foreign Minister Subandrio, Indonesia has incurred U.S. displeasure with its hostility toward new-born Malaysia and the sacking of the British Embassy in Jakarta. Washington is reviewing its Indonesian aid program.

Railway Dispute Hearings Begin

WASHINGTON (AP) — Public hearings of the railroad work rules dispute began today with a plea from the railroads that the arbitration board toss out their settlement offers and start from the beginning on the dispute.

Howard Neitzert, chief counsel for the railroads, urged the seven-man arbitration board to consider "the merits of the dispute" and not to permit earlier settlement recommendations to "place a floor under, or limitations upon" the railroads' right to change work rules.

The arbitration board, established by Congress to head off a railroad strike, began six weeks of hearings on the dispute. The first day was allotted to the railroads.

Counsel for the five train-operating unions is scheduled to make opening remarks Wednesday.

Neitzert said public interest, and a desire for prompt settlement of the work rules dispute, caused the carriers to accept the reports of two presidential bodies, even though the railroads "were deeply disappointed with many of the recommendations."

President Starts Journey To Save Natural Heritage

MILFORD, Pa. (AP) — President Kennedy flies here today for the first of 12 speeches on a cross-country tour which he labeled "a journey to save America's natural heritage."

The 10,000-mile presidential trip through 12 states was billed as "non-political" by the White House, though Kennedy certainly hopes to confront many thousands of voters along the way.

A bipartisan aura was given to the stop at Milford, on the Delaware River in northeastern Pennsylvania.

Kennedy put Milford on his itinerary in order to visit the ancestral home of the late Gifford Pinchot, a Republican who twice was governor of the state but who won greater fame as "the father of conservation."

Salute To Pinchot
Republican Gov. William W. Seranton of Pennsylvania was invited to join Kennedy and Sen. Joseph S. Clark, D-Pa., for the formal dedication of the 100-acre Grey Towers Estate as the Pinchot Institute for Conservation.

Seranton has been mentioned as a possible GOP presidential candidate in 1964.

Even before Kennedy's departure from Washington, the White House made public the text of his talk at the Pinchot ceremony.

This was the opening passage: "I begin today a journey to save America's natural heritage — a journey to preserve the past and protect the future."

This was a reference to the fact that inspections of conservation and natural resource projects and talks before conservation-minded audiences account for virtually all the stops on Kennedy's five-day schedule.

Saluting Pinchot, who founded the U. S. Forest Service with the backing of Republican President Theodore Roosevelt, Kennedy said: "In the space of a few short years, he made conservation an accepted virtue in the nation's conscience."

Speech In Wisconsin
Pointing to a series of actions and proposals by his administration, Kennedy said he began in 1961 "to increase the pace of resource development and conservation in a variety of ways."

He concluded that "if we can continue and expand the programs we have begun," it will be possible to write "a record of saving and using this nation's supply of natural resources to assure a fuller, richer life for all Americans now and for generations to come."

Kennedy was to fly to Ashland, Wis., for another conservation speech before addressing an Agriculture Department "land and people conference" in Duluth, Minn., tonight.

Kennedy later will make speaking appearances in North Dakota, Montana, Wyoming, Utah, Washington, Oregon, California and Nevada before going to Palm Springs, Calif., for a weekend rest.

House Tackles Tax Slash Bill

WASHINGTON (AP) — The House begins debating an \$11-billion tax cut today with administration forces fighting against time.

The issue is not whether the biggest tax cut in U.S. history can be passed. The Kennedy lieutenants' problem is to get it through the clogged congressional channels this year and defeat a Republican-backed amendment that would cancel the cut unless a limit is placed on the budget.

The key votes in the House are scheduled Wednesday and are expected to be close. Both sides claimed victory.

The timing problem centers in the Senate, where the bill would collide with the civil rights issue, sure to produce long debate.

Bomb Pair Gets Prison In Spain

MADRID, Spain (AP) — A military court has given long prison terms to two Spaniards who confessed they returned to their homeland from France to plant bombs, official sources reported today.

The sources said the court which tried the men Monday sentenced Juan Salcedo Martin, 27, a sculptor, to 60 years imprisonment and Manuel Borrego Lopez, 34, a bricklayer with six children, to 25 years.

Both admitted in court they were paid agents of the anti-Franco Iberian Anarchists Federation.

Moreover, it would be under the jurisdiction of the Finance Committee, whose chairman, Sen. Harry F. Byrd, D-Va., opposes tax cuts without spending cuts.

By Treasury calculations, the bill would provide the following tax reductions for four-person families:

For the household of a \$5,000 worker, \$106 a year; a \$10,000 salaried man, \$202; a \$30,000 executive, \$1,004; a \$100,000 business leader, \$5,278.

The bill would put two-thirds of these cuts in effect Jan. 1, the rest a year later.

The corporate income tax would be cut, also in two stages, from 52 per cent to 48 per cent.

The individual income tax reductions when fully effective are estimated to total \$8.75 billion a year, the corporate cut \$2.31 billion.

Kennedy has appealed for enactment of the bill by Jan. 1 without what he called "if" or "when" conditions. That would require final action in both House and Senate, and reconciling of any differences, before Congress goes home this year.

Frenchman Listed As Spy In NATO

PARIS (AP) — A Frenchman employed by the North Atlantic Treaty Organization is under arrest on a charge of spying.

French police said Monday Georges Paques, 49, for the last few years had passed NATO and French military and political information to "a large Eastern power." Officials refused to identify the power.

Senate Ratifies Treaty To Curb Nuclear Tests

Governor Will Accept Ceiling On Income Tax

EAST LANSING (AP) — Gov. George Romney says he will accept a provision placing a "reasonable" ceiling on income taxes in his tax reform program—with a vote of the people required to exceed the limit.

Romney emphasized, however, that any attempt to require a referendum vote on the question of income taxes alone would be "unacceptable."

The governor's statement was made Monday during a meeting at Michigan State University with representatives of statewide organizations to discuss his fiscal reform program.

Romney told the group that it was up to the legislators as responsible public officials to write any tax reform program into law. If a lawmaker's duties are not performed properly, he said, then "the people should kick him out."

To newsmen, Romney explained that he would find unacceptable any referendum provision written into his tax program which would attempt to set the ceiling on income taxes at the rates he proposes for next year.

These are two per cent on personal income, three and one-half per cent on corporate profits and five and one-half per cent on financial institutions. Romney's program also would allow a one per cent local option income tax.

Romney said reasonable statutory or constitutional ceilings above those rates would be acceptable. Representatives attending Monday's discussion were from the United Auto Workers, the Michigan Manufacturers Association, the State Chamber of Commerce, the Michigan Farm Bureau and educational organizations.

A spokesman for Michigan AFL-CIO president August Scholle said the labor leader had planned to attend the meeting but went into a hospital for a checkup at the last minute.

The governor said despite widespread news coverage of his proposals, he still found a surprising lack of knowledge of what is in his tax reform program.

Romney said his studies of Michigan's fiscal structure have led him to one conclusion: "You can't get adequate tax revenue unless you have an income tax."

Knitting Machine Salesman Awaits Fraud Sentence

DETROIT (AP) — A former knitting machine salesman today awaited sentencing on a mail fraud conviction. Charles Semchena, 43, was convicted on seven counts by a jury in U.S. District Court Monday and faces up to 35 years in prison and \$7,000 in fines.

The prosecution said that for three months in 1959 Semchena sold knitting machines to Flint and Saginaw area housewives. The women were assured they would profit by selling garments they made and would be able to pay for the machines out of their profits.

Government witnesses testified the machines were difficult to operate, Semchena did not furnish enough yarn, and their incomes were not enough to pay for the machines.

Reduction Of U.S. Combat Forces In Europe Predicted

WASHINGTON (AP) — The dramatic airlift of a full armored division to Germany next month may foreshadow eventual withdrawal of sizable U.S. combat forces from Europe and perhaps the Far East.

There are no plans for any immediate retrenchment but Pentagon strategists are tending in that direction in their thinking some years ahead.

Among other things any such pullback would ease the balance of payments problem by reducing U. S. spending overseas.

The aims of the 18,000-man Army-Air Force exercise called "Big Lift"—the most ambitious long-range air movement of fighting men in history—are a mixture of the military and the political.

From the military standpoint, Big Lift is designed to test out the capability of this country's rapidly growing Military Air Transport fleet to rush large numbers of troops to overseas trouble-spots and get them into action within a few days.

The demonstration of this capability also would yield important political dividends in showing Al-

lied nations that the United States need not keep large ground fighting formations stationed in Europe to carry out the U.S. commitment to defend the North Atlantic Treaty Organization area.

Further, it is felt the spectacle of 15,000 soldiers being flown across the Atlantic in hundreds of transports in only three days — and their readiness for battle soon afterward — will provide a telling lesson for the Russians and Red Chinese.

For all these reasons, U.S. authorities believe Big Lift is worth the \$20 million it is expected to cost.

The United States now is gradually scaling down a 40,000-man buildup of chiefly rear area support troops sent overseas to round out the U.S. 7th Army during the Berlin crisis two years ago.

More than 22,000 of these men have been brought back so far, reducing the U.S. Army in Europe to around 250,000 men.

Any sizable withdrawal of combat elements — the United States has the equivalent of six Army divisions deployed in Germany — would be a thing for the future.

Oscar G. Olander, Former Head Of State Police Dies

Oscar G. Olander

PETOSKEY (AP) — Oscar G. Olander, 64-year-old former Michigan State Police Commissioner, died Monday night at Petoskey after a heart attack.

Olander, of East Lansing, had been admitted to the hospital Sept. 18 while on a vacation with his wife, Ann.

He headed the state police from 1926 to 1946, when he resigned at the request of Gov. Kim Sigler and was succeeded by Donald Leonard.

History-Making Pact Approved By 80-19 Vote

WASHINGTON (AP) — The Senate ratified the history-making limited nuclear test ban treaty today.

Approval of the pact banning nuclear weapons testing in the atmosphere, in outer space and underwater, came after more than two weeks of committee hearings and an equal time of Senate debate.

With a two-thirds majority required, the resolution went through on a 80-19 roll call.

That was 14 more than the 66 votes needed with 99 senators recorded. The missing vote was that of the ailing Sen. Clair Engle, D-Calif., who has been reported favoring the treaty.

Step Toward Peace

For ratification were 55 Democrats and 25 Republicans. Opposed were 11 Democrats and 8 Republicans.

President Kennedy, hailing the Senate's action even before the ballot, expressed "delight at this single but substantial step in the direction of peace."

His reaction was reported by Senate Democratic Leader Mike Mansfield of Montana after the weekly White House breakfast of Democratic congressional leaders.

Mansfield said Kennedy told the group that if a tax cut and civil rights legislation can be added to the treaty ratification this will be a historic Congress.

The treaty was signed at Moscow Aug. 5 by the United States, Soviet Russia and Great Britain.

It was sent to the Senate by President Kennedy Aug. 8 with these words: "While it will not end the threat of nuclear war or outlaw the use of nuclear weapons, it can reduce world tensions, open a way to further agreements" and "help to ease the threat of war."

Advantage For Russia?

Opponents, who fought vainly to the last, contended it jeopardizes national security, freezes a Soviet advantage in high-yield weapons and permits the Russians to continue development underground in the small weapons field where this country now leads.

The treaty came under a scathing attack from Sens. Richard B. Russell, D-Ga., chairman of the Senate Armed Services Committee, John Stennis, D-Miss., who heads its Preparedness subcommittee, Strom Thurmond, D-S.C., and others.

Russell voiced fears it might be the first step toward complete disarmament without the safeguard of inspection. He and the others said they were concerned that Soviet moratorium-breaking atmospheric tests in 1961 and 1962 put them at an advantage in high yield weapons, in anti-ballistic weapons system knowledge and in ways to harden missile emplacements.

Risks Accepted

In the end, an overwhelming majority of the Senate went along with the endorsement of the military Joint Chiefs of Staff, who said that with four specified safeguards, the military "risks and disadvantages" were acceptable.

Kennedy, in a letter read to the Senate by Sen. Everett M. Dirksen, R-Ill., the Republican leader gave the Senate "unqualified and unequivocal assurances" U.S. security would be protected under the treaty.

He gave assurances that the United States will meet the military's four points by continuing an aggressive program of underground testing, maintaining a healthy laboratory weapons development program, keeping up a readiness to resume atmospheric testing if the Russians cheat, and expanding and improving its facilities for detecting such cheating as well as checking on Sino-Soviet atomic progress.

The treaty came to an end of a long road Monday when proponents beat back a series of attempts to alter the resolution of ratification.

Fireworks Blast Takes 15 Lives

CASERTA, Italy (AP) — Fifteen persons were killed and 15 others seriously injured today in the explosion of a clandestine fireworks factory in a village on the outskirts of this wartime Allied headquarters town.

Eat Less Bread, Russians Warned

MOSCOW (AP) — Soviet citizens who doubtless eat more bread than any other single food, are being told at private meetings and in the press to ease an acute shortage by getting along with less.

Local leaders are being warned that bread must be saved and that prices may be raised.

Despite these warnings there appears no great probability that any Soviet citizen will go seriously short of bread.

Emergency wheat purchases abroad, running about 7 million tons, will offset crop losses during the past year due to drought and persistent mismanagement of planting and harvesting. The loss apparently is about 10 per cent of the crop, which last year was 65 million tons.

The shortage and the bad harvesting have sent Premier Khrushchev, now in his 70th year, storming about the country denouncing careless farming methods.

Grain Rots In Fields

Again one of his pet projects, the virgin lands in Siberia and Southwest Asia, has let him down as it did in other recent years.

Harvesting in the Kazakhstan virgin land area is so far behind schedule that it seems inevitable much grain will rot in the fields and some will be buried under the snow.

While Ivan and Natasha may not go short of bread, the shortage of wheat and corn seems certain to make them short of meat again this year.

This correspondent has just returned from a tour of Kuban, the Soviet Union's best farm area. A bumper crop of wheat was harvested there before the drought set in during July and August.

The drought hurt the corn badly as well as vegetables and fruit.

Machinery Disabled

Grain was lost in the virgin lands last year because thousands of combines and tractors lay idle in the fields for lack of spare parts. As early as Aug. 28, the paper Farm Life reported that some farms had not finished the repair of harvesting machines and combines before the beginning of this year's harvest.

In some areas only 20 per cent of the machinery was used. In the Irkutsk area of eastern Siberia, the paper said, "Peas started to fall out of the pods while drivers were still testing their machines."

A half billion dollars is to be paid to Canada in the next 18 months for delivery of 5.3 million tons of wheat and 500,000 tons of flour. Another 1.5 million tons of wheat has been ordered from Australia, with a like amount on option.

Much of this will be shipped immediately to the Soviet Union's foreign customers, to protect her position as a supplier.

Flour cannot be bought at many stores, apparently because it can be hoarded while bread cannot.

Many farmers buy bread to feed to cows and pigs they are allowed to raise privately for market. One couple was pilloried in the press Sunday for having bought nearly half a ton of flour, bread, rice and macaroni.

Traffic Control For High School Crossing Studied

Escanaba's fast-developing church and school area on S. 23rd St., combined with the absence of sidewalks bordering a four-lane state highway and designated cross walks, is a matter of concern and study to school, state and city officials who are considering methods of promoting pedestrian safety.

Opened to students this fall were the new Escanaba Area Public High School with an enrollment nearing 1,200 and the new St. Anne's School. Under construction is a new edifice for Immanuel Lutheran Church.

Vehicular traffic on S. 23rd St., which was recently widened into four lanes as a part of M-35, has also increased. The number of trucks using the M-35 "shore route" between Escanaba and Menominee is also increased.

Three Proposals

The school board of the Escanaba Area district earlier discussed the situation and through Supt. Walter Bright directed a letter to City Manager George Harvey and the City Council. Three methods of improving safety conditions for persons crossing the highway in the vicinity were suggested:

1 — Construction of a pedestrian overpass; 2 — Automatic traffic control device; 3 — Manned patrol for the protection of pedestrians.

City Manager Harvey said inquiries show the State Highway

Department is responsible for the signing and speed zoning of the highway over which it has jurisdiction. The Highway Department recently erected school zone signs for the area. The posted traffic speed limit is 35 miles an hour.

At the request of the State Highway Department the City Council had earlier adopted a resolution prohibiting parking on S. 23rd St.

Study Being Made

The problem of pedestrian traffic in the area has been under study by the city's Safety Advisory Committee and continues to be the concern of the school board, the city and the highway department.

Elmer Kreiger, Milwaukee, who was here recently as planning consultant for Escanaba, suggested that the solution might well be installation of manually operated traffic signals. These would be operated at times required for the crossing of the four-lane highway by students and others; would not be in operation most of the time so that the flow of through traffic would be uninterrupted.

City Manager Harvey said that the city is not solely responsible for solution of the problem and that in his opinion also the manual traffic signal would be the most economical and satisfactory solution. The cost of such devices are about \$2,000 and is being investigated.

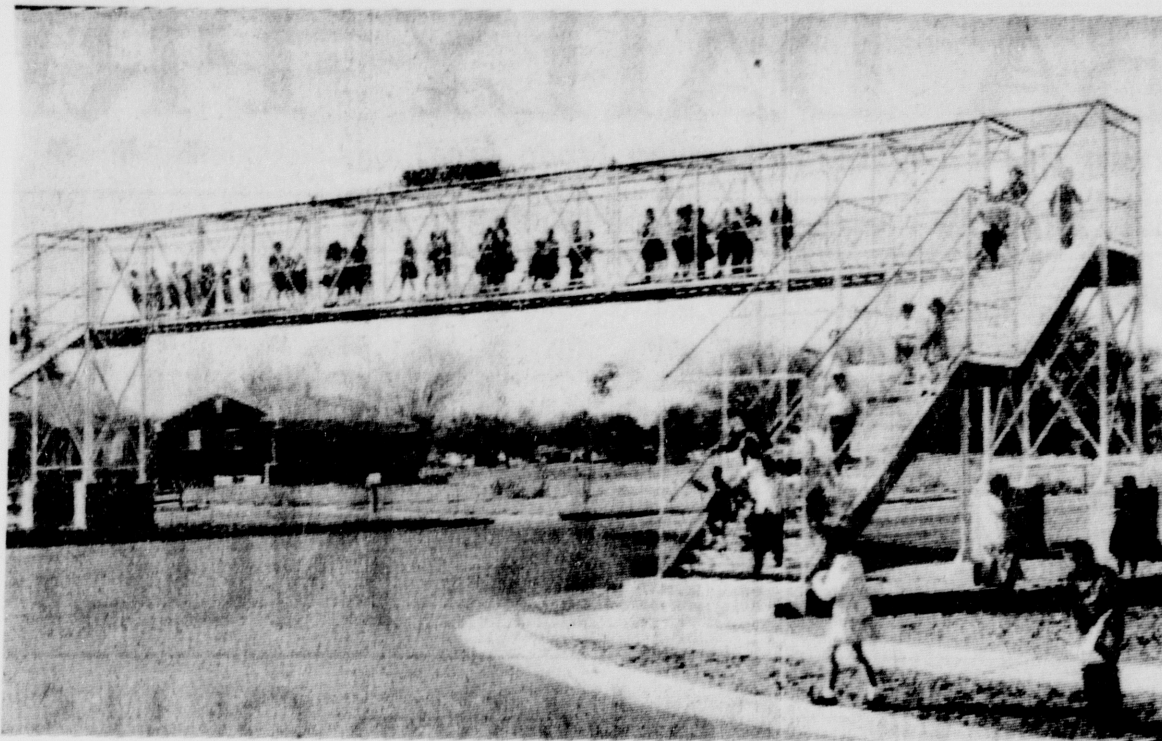

There is agreement that the problem of pedestrian safety in the area is a serious one, and its satisfactory solution is the objective in studies now underway. This includes construction of sidewalks as well as highway crossing facilities.

U. P. Tourist Association To Meet Oct. 9

Members of the Upper Michigan Tourist Association have been notified of a general meeting to be held in the Hotel Nordland, Marquette, Wednesday, Oct. 9.

The session—originally scheduled for Sept. 25 but postponed because a large number of officers and directors will be attending the Northern Great Lakes States Regional Conference on Land and People at Duluth—will constitute the UMTA's annual convention, as authorized at a gathering in Sault Ste. Marie last May.

Ken Slater, Hulbert, association president, said the program would include a travel show committee report by Carl Graves, Manistiquie, chairman.

A pedestrian overpass of a type such as that pictured above is one of the proposed solutions to the traffic problem on S. 23rd St. in the vicinity of the new Escanaba Area High School. The crossing of four-lane M-35 by pedestrians, particularly students, might also be made safer with installation of traffic control signals.

Newberry Man Is Injured In Mishap

William E. Conlon 27, of Grand Rapids is in the Tahquamenon General Hospital here with a possible head concussion and severe facial lacerations following an accident that happened Saturday at 10 p. m. on M 123 near Clyde's Hilltop Market.

Conlon and George E. Wood Jr. were both driving south on M 123, Conlon coming behind hit the rear of the Wood car. He was ticketed by State Police for reckless driving.

Injured in the Wood car and treated at the Tahquamenon Hospital and released were the driver, George Wood Jr., Rachel Olson, Sharon Tooker and Fred Tooker, all of Newberry.

The Conlon car was extensively damaged and there was considerable damage to the Wood vehicle.

NEWBERRY

State Police received a complaint from Rhinehart Hemkes of the entering of his cabin at Halway Lake. Entry was made by breaking out a window. A brown woolen blanket was missing.

Ira Perry, 49, of Strongsville was sentenced by Circuit Judge George S. Baldwin to two years in Marquette prison at a special session of Circuit Court held in Chippewa County Friday morning. Perry was arrested in July in Lapeer County for writing checks without funds.

Boys Are Buried Together Today

Double funeral services were held at 9 a. m. today at St. Patrick's Church for the victims of Escanaba's drowning tragedy, John Jensen, 10, son of Mr. and Mrs. Raymond Jensen, and Charles Kobasic, 7, son of Mr. and Mrs. Peter Kobasic.

The Rt. Rev. Msgr. Martin B. Melican was celebrant of Mass of the Angels, Father Paul Schiska, deacon, and Father Charles Olier, sub-deacon. Master of ceremonies were Father Donald Shiroda and Father Joseph Sarasin.

The responses were sung by the combined choir of Holy Name High School and St. Patrick's Parochial School.

The boys, close friends and playmates in life, were buried side by side in Holy Cross Cemetery.

Honorary pallbearers were boys of the first and second grades of

St. Patrick's School. Active pallbearers were Mike Donovan, Tim Powers, James Reed, Marvin Lauenburg, Philip Mulligan, Dan Arts, Ronnie Peltin and Danny Skopp.

Officers who lead the search for the boys, public officials of the city and county, and the many friends and relatives of the families crowded the church.

The families of the boys today issued the following public statement of gratitude to the community for its aid to them in their week of waiting.

"We thank all the officers and citizens who helped us in the search for our sons.

"Our experience was so harrowing that we grasped any hope that the boys might be found alive and in this we were sustained through the week by the great number of persons who expressed their concern and sympathy and who worked so hard to find the boys.

"Even in our plight and anxiety we were impressed that the officials were doing everything humanly possible and this helped us.

"Fortunately, such a double tragedy is rare, but when it strikes the families affected are agonized and it helps to know that their grief is shared in some measure by their home community.

"Thank you all."

U.P. Sportsmen Ask Deer Rule By Legislature

By KENNETH S. LOWE

HOUGHTON — A resolution calling for removal of discretionary power over the deer herd from the Conservation Commission and returning this authority to the Legislature passed by a narrow margin at the 42nd annual convention of the Northern Michigan Sportsmen's Association here Sunday.

Only two clubs affiliated with NMSA voted to support the resolution, while six clubs opposed it. But the two clubs favoring stripping the commission of its authority held a total of 16 delegate votes, whereas the six clubs in opposition held a total of only 13 delegate votes.

The Negunee Rod and Gun Club introduced the controversial resolution. It was supported by the Munising-Alger Conservation Club. Each has eight delegate votes.

Clubs voting against the proposal were the Marquette Rod and Gun Club, Houghton Rod and Gun Club, Chassell Sportsmen's Club, Norway Restoration Association, Tahquamenon Sportsmen's Club of Newberry and the Ishpeming Junior Conservation Club.

Altogether, 12 clubs were represented at the resolutions sessions of the convention. These four clubs did not vote on the discretionary power proposal: Channing Rod and Gun Club, Sagola Township Rod and Gun Club, Schoolcraft County Sportsmen's Club, Doncken Sportsmen's Club.

Any Deer For Camp

In other action relating to deer herd control, delegates voted in favor of allowing a deer of any sex to be taken as camp deer (at present only antlered bucks may be shot as camp deer), voted in favor of having the camp deer license reduced from \$10 to \$5 and tabled a resolution calling for retention of the "one buck" law.

The two-day convention began Saturday with the NMSA's annual trapshooting championship, which was won by the Iron River team. George Atanasi of Iron River repeated as individual champion, leading his team to the title by breaking 48 out of 50 targets. Tony Genetski and Bill Koponen, both of Iron River, finished second and third, respectively. The Iron River team broke 226 out of a possible 250 targets.

The annual NMSA conservation education awards were presented at a dinner meeting Saturday night by Earl H. Clark, Houghton, NMSA president, and Paul V. Challancin, Marquette, regional education supervisor for the Conservation Department.

The Houghton schools won the NMSA plaque for having done the most outstanding job in conservation education during the past school year. Certificates of merit in conservation education were presented to the Negunee Public Schools and the Feich School District.

Conservation Awards

George Sanford of the Kingsford Public Schools was the recipient of the annual Peter Trudell award, a wrist watch, for having been judged the outstanding conservation teacher in the Upper Peninsula in the past year.

Delegates awarded the 1964 annual convention to Marquette. It will be held on Sept. 20. The NMSA's annual midwinter meeting again will be held in Negunee, on Feb. 2.

Paul Tepsa of Houghton was elected secretary of the NMSA, succeeding Howard Brown, Newberry, who became one of the organization's four regional vice presidents. William Muhlenbach Chassell, was re-elected treasurer.

Delegates passed the following resolutions:

• To require affiliated clubs to pay 25 cents per member for the first 200 members and 10 cents per member for the next 200 members.

• To revise the association's constitution and by-laws.

• To attempt to reintroduce moose into the Upper Peninsula.

• To ask the Conservation Department to make a study of the silting of Otter Lake in Houghton County, caused by a rerouting of the Sturgeon River so that it flows into the Otter instead of bypassing it as it formerly did.

• To attempt to increase its warm water fish planting program.

James Scully, Marquette, regional fisheries supervisor, said the department already is planting more warm water fish species than it has planted in the past.

Delegates reaffirmed their stand on these resolutions:

• To retain the present bounty system.

• To amend the trespass act so that it protects all landowners (not only large landowners) against liability in cases of accidents occurring on their lands involving all recreation users of those lands (not only hunters and fishermen).

• To require successful completion of a hunter safety course before any new hunter under 17 may obtain a hunting license.

• State Control Asked

• To open the deer season on the same day throughout the state. (At present the season opens on the Saturday preceding Nov. 15 in the western two-thirds of the Upper Peninsula. It opens on Nov. 15 in the rest of the state.)

• To have the state govern-

ment, rather than the federal government, retain control if a recreation area is established in the Pictured Rocks region of Alger County.

• To require a fishing license of persons fishing Great Lakes waters and a trout stamp for those fishing for trout in the Great Lakes.

• To extend the rabbit season through March 20. (It now closes on March 1.)

Only one resolution was defeated, but several were tabled or withdrawn by the sponsoring clubs.

The defeated resolution called for ending the early rainbow trout season.

Withdrawn were resolutions to close the beaver season for five years, to request the Conservation Department to advise the public earlier regarding proposed game seasons and to open the Little Garlic River in Marquette County to early rainbow trout fishing.

These resolutions were tabled: To impose a bounty on otters, to plant trout in the fall after the fishing season closes and to reduce the ruffed grouse season to 20 days from the present 41.

Judging The Jail Issue

Chairman Wheaton L. Strom of the Delta County Board of Supervisors believes that "anyone who tells people to vote No (on the jail millage in next Monday's election) is personally irresponsible." The Escanaba Daily Press shares his view.

The issue appears in danger of defeat. Such a defeat could only mean that Delta County voters did not understand the issue, because a No vote will mean that the county's expenses will go up; that much money will be wasted on an interim prisoner care arrangement and that the county will eventually have to build a jail anyway and that it will cost more than it will now. The federal government will pay half the cost of a jail built immediately.

Strom laid the issue out clearly for the Press. "The people have no choice," he said, "on the question of maintaining a jail. It is required by law. It is not like an auditorium or a bandshell or an armory. It is a requirement upon the people of the county, provided by statute.

"There is no initiative left on decision when or under what circumstances the Delta County Jail will be condemned by the Michigan Department of Corrections. We have been given more than fair warning by the Department of Corrections and by the Circuit Court. It must be replaced or it will be closed. It has not been closed already because we have satisfied the State that we are making an honest effort to solve our jail problem. The State has extended for three years now the time to close the jail. We have been able to maintain it only because of State cooperation.

"I am convinced by our own builders and architects and the State jail inspector that it is not structurally possible or feasible to meet the State's requirements by any changes in the old structure. It would be spending good money after bad and there's no encouragement to do it. The structure isn't there to build on. It would be cheaper to start fresh.

"The proposed building as planned would be smaller and cheaper than the building originally conceived as required here. The number of cells, based on the state's study, has been reduced.

"We can take this plan as a matter of choice or as a matter of duress. We have been well treated by the government. We've only got one way to go because the taxpayer's choice is between getting a jail now at half price or paying a half million dollars later without federal help and after wasting \$25,000 to \$40,000 a year in transportation of prisoners.

"The local price of the jail now is 2 mills for one year at a total cost not to exceed \$177,000, of which \$12,000 has already been paid for architectural work, so the net is \$165,000.

"I think that the waste, with condemnation and transportation of prisoners, will be 25 per cent a year of the local taxpayers' cost of the new jail. In four years at the most we will have spent what the jail would cost us and we will have had nothing for it. And we will have done this at the expense of county roads and schools, because the extra money will have to come out of county income.

"We have no choice but to get a jail at half cost now or wait and pay for it all later. I'm satisfied that never again under any circumstances that we know of are we going to get so much for so little.

"Our county supervisors and officials have done a very good job in getting the federal money. We can't finance the jail by revenue bonds because it would be against school operations and they simply can't afford it. The project wouldn't need an election; it could be handled through the Building Authority, but we must keep faith with the needs of the schools and of the county program of rehabilitation of our roads and parks. I am convinced that we must keep on appropriating county funds for roads to get the federal matching funds.

"I hope that the taxpayers of Delta County understand that this \$177,000 of federal money is their money and that we have gotten it back for them. Supervisor Lawrence Jacobs, and County Clerk William Butler and Prosecutor Nicholas Chapekis and the whole board have performed splendidly in developing this project and they have had fine and friendly treatment by the government.

"Our Buildings and Grounds Committee is loaded with conservatives. They're not spenders. All the members of the committee are members of the board of reviv or assorsors. The group is more tax conscious than any other group in the county. It developed the jail plan carefully and deferred an election so the schools could present their issue first. This is the second time that the county has taken a position behind the schools in presentations to the public."

Citizenship Lesson

Outside Alabama, the newly programmed desegregation of southern and border state schools proceeded this year almost without incident. The question is why.

No one can imagine that when such changes occur they are welcomed, particularly in Deep South states like Georgia and South Carolina.

Yet they are usually accepted in orderly fashion. Counsels of calm prevail.

It is apparent that the millions of Southerners have a deep commitment to law and order, just as do millions of Americans in other sectors.

Often many may disagree with the purpose and content of particular laws. They may not like what some courts decree as they interpret either the laws or the federal and state constitutions. But they believe that the courts must be obeyed if we are to have rule by law rather than by the whims of men.

It is significant that a high proportion of this year's "new desegregation" took place on a voluntary basis. That is, the school districts developed their plans without waiting to be ordered into action by a federal court.

This marks recognition in many quarters that most legal remedies sought as a means of barring desegregation have been exhausted. This being so, more and more communities regard a court fight as a fruitless waste of time, energy and money on all sides.

It is a further sign, too, that most Americans of whatever region want their schools open and functioning. The education of millions of American children for a new and more challenging day is too important to permit of any roadblocks.

Many Southern communities are mindful as well that they are playing an important and growing role in the economic and scientific revolution that is sweeping the nation. They prize their new place in the scheme of things. They see no point in allowing the racial issue — or any other — to interpose itself between them and further progress.

Taken together, these are the reasons some racial change came so quietly this year in parts of the South and border zones.

Edson In Washington

By PETER EDSON

WASHINGTON—(NEA) — Republican strategy in opposing President Kennedy's tax bill has administration Democrats baffled.

What they say the GOP position boils down to in final analysis is a belief that opposition to anything the President proposes is good politics if it will help embarrass him and defeat him in 1964—regardless of what it does in the meantime.

Republican congressional leaders don't admit anything as crude as that for a minute.

"We're for tax cuts," says House minority leader Charles A. Halleck of Indiana.

"But," he hastens to add, "we find Mr. Kennedy's economic theories mystifying."

For evidence, Halleck points to six Kennedy votes as a congressman against tax cuts after spending had been reduced, though, Halleck points out, "he favors a tax cut when spending has been skyrocketing."

The showdown on the big issue is now scheduled for Sept. 24-25 when the administration tax bill comes to the House floor for vote under a rule of eight hours debate.

Only one amendment will be permitted. The House Republican leadership has decided to make this a motion to recommit the bill to the Ways and Means Committee, with instructions to make the tax cuts effective only if the federal government reduces expenses enough to balance off spending with the tax cut in force for this year and next.

Republican justification for this position seems to be based on polls taken by 39 GOP congressmen in 21 states. In answer to the question: "Do you favor tax cuts without spending cuts?" an average of 85 per cent said "No."

The range was from 51 per cent of those polled in Rep. John V. Lindsey's district in New York City to 93.7 per cent in Rep. Ed Foreman's district in west Texas.

This is a pretty thin sample on

so vital an issue. A Sept. 2 Harris poll, conducted on a more scientific basis, showed only 41 per cent favored a tax cut delay until the budget is balanced, with 36 per cent saying don't delay a tax cut.

GOP opposition to the Kennedy tax program takes other angles which formerly would have been considered most un-Republican.

The Ways and Means minority report criticizes the bill because "it would result in a \$44 billion windfall to big business over the next 10 years."

And Rep. John W. Byrnes of Wisconsin, chairman of the GOP Policy Committee, criticizes the 2,000-member "Business Committee for Tax Reduction" which met in Washington recently for its "retreat from fiscal responsibility."

When Republicans criticize big business and Democrats offer them tax cuts which they want, things are all mixed up.

It must be remembered, of course, that some Democrats also oppose the Kennedy tax cut bill. Judge Howard W. Smith of Virginia, chairman of the House Rules Committee, has openly criticized the bill and is known to have conferred with other Democrats of like mind.

Sen. Harry F. Byrd of Virginia, chairman of the Senate Finance Committee which will handle the tax bill after the House is finished with it, is doing nothing to speed passage.

The number of Democrats joining Republicans to vote against the administration tax bill or to recommit it for budget-cutting amendments will determine its fate.

House majority leader Carl Albert of Oklahoma is confident that the tax bill will be passed. Other Democrats call the Byrnes recommendation another gimmick to try to defeat the bill. If this try for the bill doesn't work, the administration will try something else. Kennedy's tax broadcast to

the nation is only the first move in a concerted drive for passage this year.

There is still plenty of talk in the Senate that no tax bill can be passed this year because of the press of other legislation—civil rights, debt limit increase, foreign aid and all the other appropriation bills still to be handled.

The question is, who will the defeat of a tax cut bill hurt worse in the 1964 elections—the Democrats or the Republicans.

GLADSTONE

Award Fleet Insurance Bid

The Gladstone City Commission awarded the low bid for fleet insurance on city owned vehicles to the Bob Hupy Insurance Agency, when they met at City Hall Monday evening. Hupy's bid was for \$651.83.

The special assessment roll for blacktopping of Montana Ave was presented at last night's meeting and a public hearing set for the next regular meeting, Monday, Oct. 14.

In other business, Wallace Cameron, superintendent of the Gladstone Public Schools met with the Commission and suggested that a concerted effort be made to acquaint new residents moving into the area with the city and the services it offers.

He pointed out that in the past several years a number of people have chosen to move to Gladstone, but that the townspeople know little about the new neighbors, and the new residents know little about the city.

It was suggested that a committee be formed, composed of civic leaders, to welcome new residents to Gladstone and make them feel they are part of the community.

The Commissioners felt Cameron should spearhead the formation of the committee, which he agreed to do.

Don Potenhauer, city recreation director, reported on the summer activities. He commended the lifeguards for their work in preventing mishap in the beach area and requested that the same guards be kept in mind for hire during the 1964 season.

The various programs offered by the recreation department during the summer months were explained and the number of participants given. He said all programs were well attended.

Potenhauer requested that the City Commission consider repainting the interior of the recreation building and replacement of the outdoor lighting fixtures. The lights would be used for night baseball and for skating during the winter months.

City Manager H. J. Henrikson said that replacement of the lighting in the recreation area park would cost about \$1,000. However, the commission was in agreement with Potenhauer that the work should be done.

Romney Explains Tax Reform In Escanaba Oct. 1

Governor Romney will come to Escanaba next Tuesday, Oct. 1 to conduct a public hearing on his tax reform program, now before the Michigan Legislature.

The Governor will visit Houghton, Escanaba and Petoskey on Tuesday, and will be here in the afternoon.

Romney will introduce himself at the citizens meeting in the State Office Building from 4:30 p. m. to 5:30 p. m. He will explain the tax program and answer questions.

The Escanaba and Houghton meetings are the only ones scheduled by the Governor, but a House committee studying the

proposal for tax reform, including a 2 per cent personal income tax and a 2 per cent corporate income tax, will be at Marquette Oct. 4 and a Senate committee will be at Menominee on Oct. 4.

Congressman at Large Neil Staebler, in the U. P. last Saturday for a Democratic strategy meeting in Escanaba, stressed the Democratic opposition to Romney's plan for a lien on the property of elderly persons given homestead tax exemptions. The Democrats are saying if the tax is going to be forgiven, let it be forgiven, don't collect it later from the person's heirs when his estate is probated.

Governor Romney in a Detroit address after the presentation of his state tax reform plan to the Legislature said "I'm not adamant on this issue." Democrats have said that attempt to recover deferred tax payments after death would be to "hound a senior citizen to his grave."

Romney said the Legislature, meeting in special session to consider his program, has a choice between "deferral and forgiveness."

His plan would give the state first call on the estate of a taxpayer who, while living, was given tax deferrals. He estimated it would cost the state \$6 million a year at first but eventually would become self-liquidating.

Total forgiveness, he said, could involve great expense. Besides, he added, the senior citizen would get more relief percentage under his program than any other taxpayers through a double exemption of \$1,200 on income taxes in addition to sales and property tax relief for all taxpayers.

Hunter Downs 425-Pound Bear In U. P. Hunt

IRON MOUNTAIN—Bud "Lucky" Flamingo of Racine, the Wisconsin bow and arrow champion, downed a 425-pound black bear about 7:30 a. m. last Saturday while hunting in the Lake Elwood Road area.

Flamingo was using a 42-pound pull bow and connected from about 45 yards. When dressed out the animal weighed 310 pounds.

After being struck the bear traveled two and a half miles in the woods. It took four men until late afternoon to get it out of the woods.

Democrats Sift Candidates For Congress In 11th

By JEAN WORTH

The Democrats of the Upper Peninsula are shaking the bushes for candidates for the new 11th Congressional District which will embrace the entire Upper Peninsula.

There'll be quite a crop, it was indicated at the strategy meeting of Upper Peninsula Democrats here last Saturday addressed by party big whigs.

Party conferees mentioned as possible candidates, without knowledge in many cases whether they're available, the following first scratch list:

Raymond F. Clevenger of Sault Ste. Marie. A former circuit court commissioner at the Sault, he was a law partner of Paul L. Adams, the Michigan Supreme Court justice and recently retired as Michigan securities commissioner. He has been active in Democratic state politics for years. He was casing support at the Escanaba conference for his candidacy and had his picture taken with Soapy Williams for possible campaign purposes.

Raymond F. Clevenger, Sault Ste. Marie attorney and recently retired state securities commissioner, greets former Gov. G. Menen Williams, left, at an Escanaba meeting of U.P. Democrats which talked about the party's nominee for Congress in the new 11th District, which will include all the Upper Peninsula. Clevenger is a possible candidate.

Democrats Sift Candidates For Congress In 11th

Steelworkers on the Marquette Range and a representative in the Michigan Legislature, who has told his colleagues there that he's an avowed candidate for congress. He was first elected to the House in 1954 and has been reelected since.

Joseph S. Mack, of Ironwood, a representative in the Legislature from Gogebie County, who opposed Congressman John B. Bennett in the 1956 vote and lost 45,721 to 35,434.

Prentiss M. Brown Jr., of St. Ignace who has run in the 11th four times without a win and whom some of his party colleagues believe may choose to sit this one out.

Russell Bradley of Menominee, son of Martin Bradley, onetime speaker of the Legislature and later collector of customs at Detroit. Bradley, an active worker in the Democratic vineyard, is pro-secur of Menominee County.

Sheriff Tom Jernstad of Marquette County.

Erlandsen Won't Run
Andrew H. Wisti, Chassell attorney who practices law in Hancock with Gordon Jaskelainen, who served as a representative in the Michigan Legislature two terms, 1956-60.

Einar Erlandsen, incumbent Delta County representative in the legislature, who said he will not be a candidate; that he thinks he can be more useful in the Legislature, where he has served for 15 years.

Robert Olsen, of Escanaba, Rapid River High School faculty member who is incumbent chairman of the 11th District Democratic Committee.

Congressman John B. Bennett, Republican, of Ontonagon, has announced that he will be a candidate in the new 11th District. He's the odds-on favorite to win the Republican nomination in the new district, because it is composed mostly of his present district.

Elected first in the 12th in 1942, Bennett served one term and then was defeated by Frank Hook of Ironwood, but returned to Congress in 1947 and has been there since, a strong vote-getter who weathered Democratic victories in other offices in his district.

Knox, a long time Michigan legislator and former speaker of the House, went to Congress in 1953 after Charles E. Potter went to the Senate and has been there since.

Political posters rate him a tougher role than Bennett, if he runs in the new 11th District, because in the old 11th his neck has been saved in several elections by the Republican vote in the 9 counties of the district in the top of the Lower Peninsula. In the 1958 election, for instance, he beat Prentiss M. Brown Jr., 53,117 to 41,603 and his margin of victory came from downstate. He carried only two counties in the U. P. part of his district, lost 5 and carried all 9 of the Lower Peninsula counties.

The new 11th District will be composed of the Upper Peninsula's 15 counties. They have 305,000 population. The Lower Peninsula part of the present 11th District has more than 100,000 population.

COLORFUL SEAGULLS
VANCOUVER, (AP)—The bulk freighter Brissac of the Fred Olsen line of Norway drew crowds of waterfront watchers when she arrived to load packages of lumber for U. S. Atlantic ports.

The Brissac carries a wild splash of color welded on her bow the reproduction of an abstract design by French artist Renald Arnold.

The artist was commissioned to produce something signifying movement or flight. His design executed in seven bright colors, is to give the feeling of seagulls in flight.

Brissac's deck crew has a full-time job keeping the artpiece shining.

Christian School Starts Thursday

Enrollment night for a first Christian Service Training School sponsored by the Delta County Association of Churches, will be held Thursday at 7 p. m. in the First Presbyterian Church.

Originally it was planned to hold classes on two nights a week for six weeks, beginning this Thursday and on Mondays, beginning Sept. 30. Present plans call for enrollment on Thursday with actual classes beginning one week later for Thursday courses. Monday classes will begin on the 30th as scheduled. Orville Jensen, Service School Committee chairman asks enrollment on the 26, although students may enroll on the evening classes begin.

A survey indicates a number of courses will be offered. Some will have to pick up additional students.

The teaching staff and program include:

1. Survey of the New Testament, Donald Guindon, Central Methodist.
2. Introduction to the Bible, Mrs. Alfred Anderson, Bark River Methodist.
3. The Life and Work of Paul, Dr. Leonard Vader, Presbyterian.
4. Winning Others for Christ, Orville Jensen, Immanuel Lutheran.
5. Alcohol Education in the Church, Earl Polmateer, Salvation Army.
6. The Christian Task Abroad, Mrs. Dorothy Lindquist, Presbyterian.
7. Teaching Primary Children, Miss Marian Oliver, Central Methodist.
8. Teaching Juniors, Miss Vandella Sundquist, Christ the King Lutheran.
9. Teaching Youth, Kenneth Peterson, Bethany Lutheran.

Students are asked to bring textbook fees on enrollment night. Fees average about \$2 per course.

Looking For Work
The individual who made the reward offer has been informed of Bazner's role in locating the bodies of the boys and his request for the reward.

"I sure could use the money," said Bazner, who is unemployed, suffers from hay fever in his native Illinois, and seeks work here. Bazner told the Press "Some people are mad at me because they think I pushed the boys in. They don't believe that I dreamed about seeing the body."

(Bazner's landlady said that he told her Saturday morning, the day the bodies were found, that he had dreamed of seeing one of the bodies and that he was going to the beach for a search and that she had urged him to go at once.)

Coming Here 14 Years
He said that he was mistaken in his first report to officers that he saw the body earlier, and that actually he saw it about 9:30 a.m. He explained that there had been wonder why he delayed so long in reporting finding the body. He said "I had been there (at the beach area in Ludington Park where the bodies were found) quite often. Every day I looked for the boys. I asked permission of the police."

"When I saw the head in the water I looked around to see if I could find someone to tell. I told the two men, (Harold Olsen and William Flath) and it was quite a little while before they came with a boat. I had an idea that they (the boys' bodies) were in that territory. I didn't know the boys; I had never seen them."

Bazner is a native of Chicago and has lived there and in Bensenville, Ill. He has been coming to Escanaba in the fall for 14 years to seek relief from hay fever. He is 58 years old and single.

Briefly Told

St. Joseph's Altar Society will meet Wednesday at 8 p. m. in the church hall. Plans for the fall festival and dinner will be discussed.

The Men's Friday Night Bowling League at the Holiday Bowling Alley will meet at 8 p. m. today in the Chamber of Commerce Building. There are still openings for new teams. All interested are invited to attend.

The Better Hearing and Speech Society will hold its first fall meeting on Wednesday, Sept. 25, at the Chamber of Commerce Building. Mrs. Rene Labre will report on the 32nd annual convention at Muskegon Sept. 20-21. The public is invited.

The Escanaba Chamber of Commerce Retail Division will meet at luncheon at noon Thursday at Marco's to plan October sales promotions. The Senior Citizens Committee of the Chamber has recommended a final Centennial promotion with a religious note. There will also be discussion on a weekend retail promotion with Centennial costumes.

Choir Practice
St. Anthony's Choir will start its fall practice at 7 p. m. today. Seniors are urged to join and all new members are welcome.

INTRODUCING THE DEPENDABLES FOR '64

Oh boy! A low-price car that doesn't feel like one... or look like one

Now that the '64 Dodge is here, the low-price field will never be the same. Take that hardtop, shown above. You won't believe how little it costs till you read the price sticker on the window. But don't stop there. Get in and experience the way this Dodge feels. The way it comforts you. The way it smooths out any road. The way it performs. You'll see in one drive: Dodge doesn't look or feel low-priced. Yet, it is priced right with Chevrolet. And something else: Dodge gives you a 5-year, 50,000-mile warranty!

***THE DEPENDABLES 5 YEAR/50,000-MILE WARRANTY.** Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motor Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months, or 4,000 miles, whichever comes first. The oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months, furnished to such a dealer evidence of performance of the required service, and requires the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

Reward Payment Sought By Bazner

The unemployed printer whose dream resulted in locating the bodies of Escanaba's two drowning victims today sought payment of a \$100 reward from an anonymous donor.

He is Arthur Bazner of 812 1st Ave. S., who had dreamed on Friday night that "I would find the body here" and on Saturday morning directed attention of authorities to the body of John Jensen floating in the water off the reedy shore of Little Bay de Noc in the lagoon south of the yacht basin.

The offer of the reward had come to the newspaper and radio from a person who wished to remain anonymous. The reward would be paid to the person or persons who were responsible for locating the missing boys.

Ann Landers

Too Many Boys... That's A Problem?

Dear Ann Landers: I am a girl almost 17 who has an unusual problem. I have boy friends galore. I could have two dates every single night in the week if I wanted them. And I'm not what you would call beautiful, either. I just seem to attract fellows. It's been this way since I was 13.

My problem is I don't have one girl friend to my name. Girls just don't like me, Ann. I feel badly about this although I try not to show it. But I would gladly give 20 boy friends if I could have just one girl friend who actually liked me.

Can you help me? I don't recall ever having seen this problem in your column before. Thank you.—HALF LONELY

Dear Lonely: The best way to get friendship is to give it. You have probably shied away from girls and behaved indifferently toward them because you assumed they did not like you. And quite naturally, these girls reacted to your coolness.

When you are next in a group with both boys and girls make a special effort to pay attention to the girls instead of the boys. Warmth begets warmth—as you will see.

Dear Ann Landers: I wrote you in May about an unfaithful husband. I took your advice and things seem to be a great deal better. Now I have another problem.

I recently learned that the two paintings hanging in our living room were done by this other woman and not a gift from a business associate as my husband told me when he brought them home. I have always liked the paintings and they have hung in

our home for almost four years. Now that I know who did the paintings I get sick to my stomach whenever I look at them.

Last night I told my husband how I felt and he said I was being childish—that he likes the pictures and that I should let them hang. He swears the affair is over between him and this woman (and I have every reason to believe him) and that therefore removing the pictures would be silly.

May we hear from you on this?—BUTTERFLIES IN MY BRAIN

Dear Brain: People often move art when they redecorate. Doesn't your living room need new wallpaper or paint? Aren't you tired of the furniture in the same place for four years?

Perhaps it's time to move things around a little. Those paintings might look better in the hall for a few weeks—and then in the attic.

Dear Ann Landers: I need an older person to tell me what to do and it can't be anyone who knows me, so you are elected.

I am a 14-year-old girl who is far from beautiful but I have lots of friends. Three weeks ago my mother's step-brother, Joe, moved to this city to go to work for my dad. This step-uncle is about 33 years old. He was married seven years ago but is divorced now.

Uncle Joe is staying in our house and I wish he would get out and find a place of his own. He is always pawing me and pulling me on his lap. Whenever he sits next to me he tries to hold my hand. Last night he tried to talk to me about some very personal things which are none of his business.

I told my mom this morning

that Uncle Joe is fresh and she said the trouble with teenage girls today is they all think they are Elizabeth Taylor and that every man is after them.

I am NOT imagining things. Please help me.—DOLLY

Dear Dolly: In time your Uncle Joe will do or say something which is unmistakably out of line. When he does, go to your father—not your mother—and give him chapter and verse. In the meantime stay plenty alert and do not remain in the house with him unless another adult is present.

Planning a wedding? Leave nothing to chance. ANN LANDERS' newest booklet, "The Bride's Guide," has all the answers (from announcing the engagement to "who pays for what"). To receive your copy, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35c in coin.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Romney To Hit Campaign Trail

LANSING (AP) — Gov. George Romney will hit the campaign trail next Monday for a 10-day tour of the state to sell his 12-point fiscal reform program to the public.

The governor, accompanied by staff aides, will visit 24 cities from the Detroit suburbs to the Keweenaw Peninsula from Sept. 30 to Oct. 9.

"I hope to be able to give people a better understanding of the objectives of both the spending reform and tax reform programs, and how they will affect citizens individually," Romney said.

The program is based on state income taxes on individuals and corporations.

Romney told newsmen that his tour is not an effort to go over the heads of the legislature.

"It takes a good deal of communication to acquaint people with a program as fundamental as this one," he said.

Invited to the meetings will be many of the same persons who attended the governor's earlier meetings on fiscal reform.

The schedule calls for the tour to open in Pontiac Sept. 30, with meetings the same day to be held in Royal Oak, East Detroit, Hamtramck and Detroit.

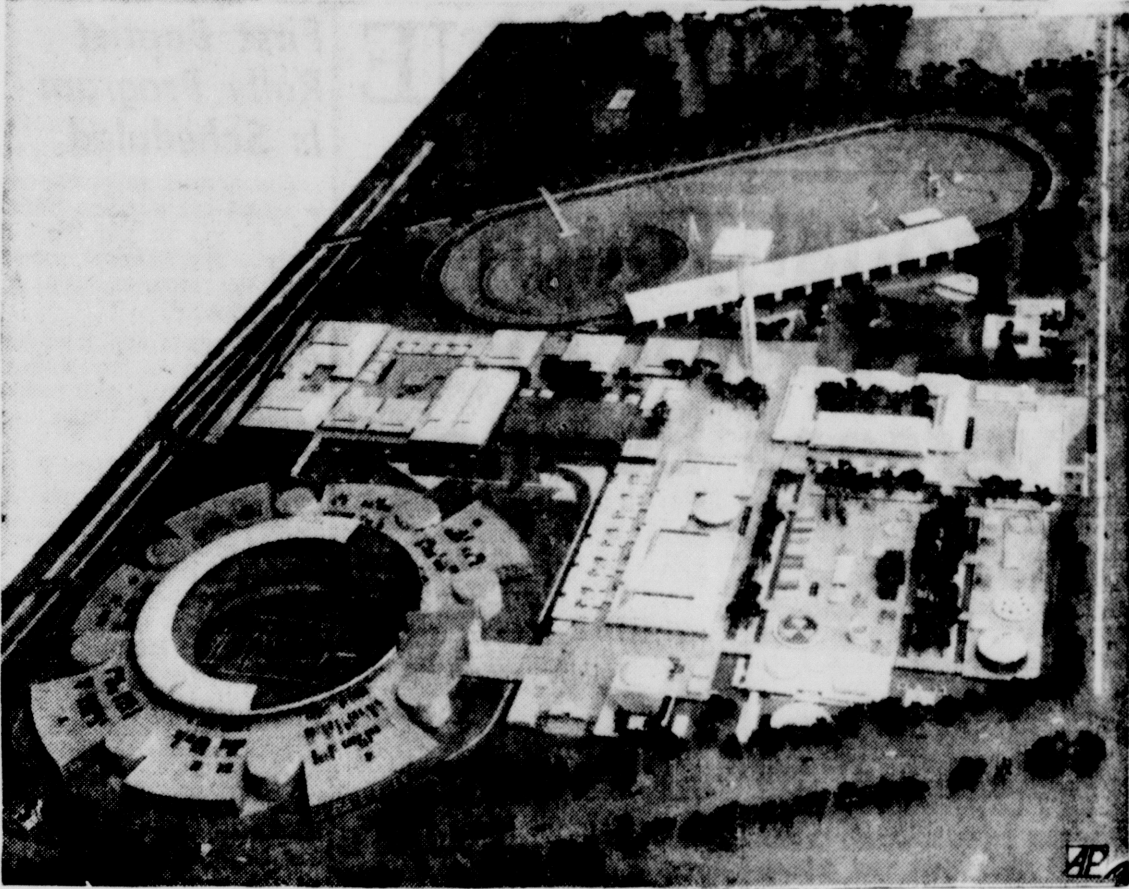

Romney will be in Houghton, Escanaba and Petoskey on Oct. 1, will visit St. Joseph, Benton Harbor, Holland, Muskegon and Grand Rapids Oct. 2, and Allen Park, Wyandotte and Ypsilanti on Oct. 3.

On Oct. 7, he will travel to Port Huron, Bad Axe, Bay City, Clare and Flint, winding up the tour Oct. 9 at Lansing, Jackson and Battle Creek.

Pontiac Man Runs In New Nineteenth

PONTIAC (AP) — Richard D. Kuhn, Pontiac lawyer and businessman, Monday announced his candidacy for the Republican nomination for Congress from Michigan's new 19th District. Kuhn, 33, was a delegate to the Constitutional Convention. He was the first to announce for the 19th. Rep. William S. Broomfield, Republican incumbent, decided last week to seek nomination from the new 18th.

Kennedy Dedicates Salmon Spawning Dam Saturday

REDDING, Calif. (AP)—President Kennedy dedicates this Saturday the Whiskeytown Dam which will provide hot and cold running water for spawning salmon.

This is the first dam designed by the U. S. Bureau of Reclamation providing such service.

Salmon like water of 55 degrees Fahrenheit for spawning. But water behind the dam can vary from 30 to 40 degrees from the surface to the bottom.

So Whiskeytown Dam, near Redding, will have built-in control gates at two levels. Water from each outlet can be mixed to provide just the right temperature for the fish.

Kent County Has Polio Epidemic

GRAND RAPIDS (AP) — Special stations administered polio vaccine to about 86 per cent of Kent County's residents Saturday in a mass drive that followed what was called a polio epidemic in the county.

Leaders of the drive said 317,287 persons received vaccine in nine hours from 68 stations and a mobile truck. The stations operated mostly from schools and stores.

Mothers with babies in their arms were among those who swallowed the vaccine — consisting of two or three drops — with a cube of sugar. Infants 2 months old and up were given the free vaccine, donated by the government.

Five confirmed cases of paralytic polio had been reported within a month's time, as compared to two in all of last year. Two other cases were under study.

The U. S. Public Health Service donated the Sabin vaccine from its emergency stockpile.

With Majority

WASHINGTON (AP)—Michigan senators, Philip A. Hart and Patrick V. McNamara, voted with the majority Monday as the Senate rejected 75-17 a reservation to hold up the effectiveness of the limited nuclear test ban treaty until the Soviets remove their military base from Cuba. The reservation was proposed by Sen. Barry Goldwater, R-Ariz.

Planes To Carry Army Of 15,000 To Western Germany

WASHINGTON (AP) — The Defense Department announced today that an armada of 240 Air Force transport planes will airlift a 15,000-man Army armored division to Germany late next month in the greatest such long-range training operation ever undertaken.

The 2nd Armored Division, 13,500 men strong, will be flown from Texas to Germany along with 1,500 men in supporting truck and artillery units from bases in five states.

The massive airlift, expected to take three days, will be supported by a composite air strike force of 116 jet fighters, reconnaissance planes and other aircraft.

The air strike force will fly non-stop to bases in France and Germany, refueling en route from Strategic Air Command KC135 jet tankers.

The air strike force will number 1,500 men and the military transport crews another 2,000.

Northern Gets \$2 Million Unit

MARQUETTE — Financial arrangements have been completed and construction will begin immediately on a new residence hall and food service complex at Northern Michigan University.

General contractor for the \$2,850,000 building will be Caspian Construction Co. of Caspian.

The residence hall, which will accommodate 624 students, will be located on the west campus, near the corner of Lincoln Ave. and Wright St.

Constructed on self-liquidating basis, the building will help meet the housing needs of Northern's growing student body, university officials stated.

The residence hall is part of Northern's 25-year campus development program and will be the 19th building constructed on the campus since 1936.

The new hall, with its own food service, will join Carey, Spooner, West and Walter Gries Halls in housing Northern's resident student population.

The Fine and Practical Arts classroom building was occupied this fall, and the new addition to the University Center is expected to be completed in January.

Poles Keep Coal

WARSAW, Poland (AP) — Recalling bitter experiences of last winter, Poland has reduced profitable exports of coal.

As a result, the country is "far better prepared for winter than last year," Stefan Jedrzchowski, chief of the state planning commission, said in a weekend report.

Harold's No Man To Conceal Loss

DENVER (AP)—Harold Stockton isn't a man to despair privately in the face of family misfortune.

His wife left him, returning to her home with their two daughters. Stockton has erected three white stone markers in his front lawn with these inscriptions:

"In loving and reverent memory to my beloved—
Jane
Karen
Lisa"

The neighbors are complaining, but a policeman said "There's nothing we can do."

Quintuplets Face Life In Spotlight

ABERDEEN, S.D. (AP)—What sort of a future can the Fischer quintuplets anticipate?

They probably will experience the same anxieties and frustrations all growing children experience, only more so.

Their financial security is assured, but they will live on a stage all their lives.

Mrs. Andrew Fischer leaves the quiet of her hospital room and returns home today. Along with her husband and her other five children, she also will be an object of the curious, here and elsewhere.

The life of the Fischer family already has become an open book.

The quints became five little Indians Sunday.

In ceremonies at an Aberdeen hotel, members of the Standing Rock Sioux tribe of North and South Dakota made the infants honorary tribal members.

About a dozen tribesmen clad in full Indian regalia staged dances and other sacred rites.

A late evening report from the hospital said that the babies were doing fine and looked "real good."

The nursery staff said that the boy, James Andrew, had his first bottle Sunday. After a short pull on the bottle, however, he was ready and willing to go back to his regular feeding routine — through tubes inserted through his nose.

The 9-day-old quints are expected to be released from the hospital in a couple months or so.

Lt. Gen. Greene To Head Marines; Gen. Shoup Quits

WASHINGTON (AP)—Lt. Gen. Wallace M. Greene will become commander of the Marine Corps Dec. 31 when the four-year term of Gen. David M. Shoup expires, the White House announced today.

White House sources said President Kennedy sought to appoint Shoup to a second four-year term. Shoup declined, saying he did not think his health would permit him to serve another term and he thought it was healthy for the Marine Corps to have a periodic change in command.

Greene has been the Marine Corps chief of staff in Washington since Jan. 1, 1960.

During World War II, he served in London, the Marshall Islands, Saipan and Tinian.

Hoffa To Speak At Teamster's Hall Dedication

James R. Hoffa, Teamsters' Union president, will speak in Escanaba Saturday afternoon and evening at ceremonies attending the dedication of the Teamsters' Hall, 900 1st Ave. S.

Hoffa will fly to Escanaba from Washington D. C., arriving in a private plane about noon on Saturday, said Arnold Alsten, Teamsters business representative.

The dedication of the hall, the former Knights of Columbus building, will coincide with the 25th anniversary of Teamsters Union Local 328. The Union asserts jurisdiction over the entire Upper Peninsula and northeastern Wisconsin.

The Teamsters purchased the building in the summer of 1961 and took possession of it in January, 1962. Extensive remodeling and improvement has converted the structure into an attractive and modern home for the Teamsters Union and as a hall available for public functions.

Hoffa will give the dedicatory address about 5:45 p. m.; there will be a social hour between 6 and 7; and the Teamsters' president will be the principal speaker at a banquet in the main hall of the building at 7 p. m.

Princess Grace's Niece Missing

PHILADELPHIA (AP)—A niece of Princess Grace of Monaco has been missing from home for nearly three weeks and two detectives of the intelligence squad have been assigned to find her, police said today.

She is Mary Lee Davis, 15, a student at the exclusive Academy of the Assumption here.

A high police official said that also missing was John Paul Jones Jr., 18, son of a local architect and a close acquaintance of the Davis girl.

It is believed, the police source said, that the pair intended to marry and may have fled to a state with more liberal marriage laws.

Mrs. John B. Kelly, the girl's grandmother, and widow of the late industrialist and sportsman, denied that the teen-ager was missing. She said Mary was "off with a friend for the winter."

However, Police Inspector George Kronbar said a pair of detectives from the intelligence squad "are conducting a search for the girl."

Police said they were notified officially of her disappearance last Friday, more than two weeks after she was last seen by her mother, Mrs. Mary Davis Conlin.

Mary Lee bears a striking resemblance of her aunt, former movie star Grace Kelly, now wife of Prince Ranier of Monaco.

Jail Issue To Be Aired

A public meeting will be held in the Circuit Court room of the Delta County Building at 7:30 p. m., today to better inform the public on the jail issue. A similar meeting will be held at the Gladstone City Hall at 7:30 p. m., Wednesday.

The two meetings are being held at the request of the Delta County Board of Supervisors, who felt all facets of the proposed project should be fully explained to the public prior to the special election on Sept. 30.

The public meetings will afford an opportunity to get a first-hand view of the proposed project and to ask questions about it.

Monday's election will seek two mills for a one-year period to cover the county's share of the new jail. The remaining half of the total cost has been assured the county through a grant of \$177,000 from the Federal Government.

Present at the meetings will be Robert Russell, state jail inspector; Wheaton Strom, chairman of the Delta County Board of Supervisors; Lawrence J. Jacobs, chairman of the Building & Grounds Committee; Arne Arntzen of G. Arntzen Architects, Escanaba; and Atty. Nicholas P. Chapekis.

Arm Torn Off; Surgeons Save It

MISSOULA, Mont. (AP)—When construction worker James Edwin Spang, 36, was rushed to St. Patrick Hospital his right arm held to his shoulder by only a fragment of skin and muscle.

Today, six days after the arm was torn and twisted in a rock crusher, Span was able to move his fingers, wrist and elbow.

A team of surgeons, who declined use of their names, said Spang had retained all sensory function except for feeling in the fifth finger.

The doctors said they decided against amputation after cleaning the torn limb and discovering two of three main nerves intact.

During the seven-hour operation the upper arm bone was shortened about three inches and a metal rod inserted into the marrow.

When bone surgery was completed, a vascular surgeon joined parted arteries and veins. A blood vessel from Spang's leg was used as a replacement.

One doctor said he believes the chances are good that Spang will have a relatively useful arm. Another said that with satisfactory healing the arm could be as strong as before.

Myrton F. Fox Picked To Head Timber Producers

Myrton F. (Fred) Fox, of the Abbott M. Fox Lumber Co., Iron Mountain, was named president of the Timber Producers Association of Michigan and Wisconsin, succeeding Richard Brown, of Wakefield, at the annual convention Sept. 12-14 in Eagle River.

The 1963 convention was held concurrently with the 18th annual Lake States Logging Congress, sponsored annually by the Timber Producers Association.

Glen Garlock, of the Consolidated Papers, Inc., Argonne, Wis., was named vice-president, and Unto Makela, of Ishpeming, vice-president in charge of the Pulpwood Division.

Two principal resolutions were approved during the session, the first opposing the increase in demurrage fees on railroad cars, and especially the elimination of week-end "free time" privileges; and the second protesting a recent ruling by the United States Treasury Department, placing a use tax on hydraulic loaders.

Copies of both resolutions were ordered sent to state and federal authorities.

'Goldwater Gals' Get Organized In Lansing Area

LANSING (AP)—About 30 Monday formed the nucleus of "Gals for Goldwater," describing it as a "gung-ho type all-women's statewide organization."

Their initial press release said the "nomination and election to the presidency of Sen. Barry Goldwater (R-Ariz.) is the one great hope for the future of the American Constitutional Republic."

The organization described itself as non-partisan, and said its objectives is "to enroll not less than 100,000 Michigan women volunteers, each pledged to insure 10 Goldwater votes registered and counted in the national elections of November, 1964."

Acting as director at the organizational meeting was Mary Gill Rice of South Haven, a founder of the Air Force Association and once the only woman on its board of directors.

Myrton F. (Fred) Fox, of the Abbott M. Fox Lumber Co., Iron Mountain, was named president of the Timber Producers Association of Michigan and Wisconsin, succeeding Richard Brown, of Wakefield, at the annual convention Sept. 12-14 in Eagle River.

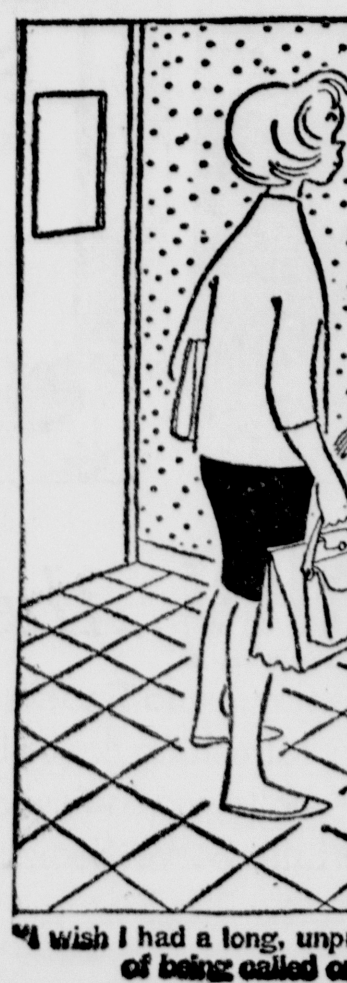

The 1963 convention was held concurrently with the 18th annual Lake States Logging Congress, sponsored annually by the Timber Producers Association.

Glen Garlock, of the Consolidated Papers, Inc., Argonne, Wis., was named vice-president, and Unto Makela, of Ishpeming, vice-president in charge of the Pulpwood Division.

Two principal resolutions were approved during the session, the first opposing the increase in demurrage fees on railroad cars, and especially the elimination of week-end "free time" privileges; and the second protesting a recent ruling by the United States Treasury Department, placing a use tax on hydraulic loaders.

Copies of both resolutions were ordered sent to state and federal authorities.

Pistol-Carrying Student Quizzed

OXFORD, Miss. (AP)—The case of Negro student Cleve McDowell, suspended from the University of Mississippi after his arrest on a civil charge of carrying a pistol, was expected to come before the Student Judicial Council today.

McDowell, 21, a law student from Drew, Miss., was entitled to leave jail to attend the hearing. It was uncertain whether he would do so.

Sheriff Joe Ford said he received a complaint Monday that McDowell was armed. The weapon was observed, the sheriff said, when it fell from the student's pocket. It was a .22 caliber pistol with a two-inch barrel.

Ford said he picked up McDowell at the law school and found the weapon in his inside coat pocket. McDowell admitted it was his, the sheriff said, but made no other statement.

He was charged with carrying a concealed deadly weapon. The charge carries a maximum penalty of a \$100 fine and three months in jail.

All students who enter the university must sign a pledge they will not carry firearms on the campus. It was understood that McDowell had signed such a pledge.

Must Understand

The Common Market, though a challenge, also provides opportunities. A cut in tariffs to the Common Market area will make American goods more competitive there, providing more jobs with increased production. Canada has improved its position with surplus agricultural products through unexpected contracts with China and the USSR. "We may see more trade in this direction," Tesoro said.

Citizens, business, labor, all can help to make American goods more competitive and more available by accepting this challenge.

The cards are stacked in our favor as in the past the business community boldly and imaginatively developed the American free enterprise system, the nation has welcomed competition domestically, and it is geared for mass production, investment, research and marketing.

"Many manufacturers look overseas when they have surplus. They should regard the export market as a prime market. European countries are fast coming up."

"The future of our trade will depend on the personal touch of American business. Some firms are slack; others are doing an excellent job in mixing with local people, learning the language and customs and developing understanding rather than a superior attitude based on corporate know-how," the bank official stated.

MANISTIQUE

'Personal Touch' Is Big Factor In Overseas Business

More competition, particularly after trade expansion talks next spring, can be expected, I. Paul Tesoro, Detroit bank official said Monday in a talk on the European common market at the Manistique Rotary Club meeting. Keith Bunday arranged the program.

Some businesses will be hurt, but they can help by concentrating on their more successful lines and developing new lines. Labor will have to recognize that products must be competitive to sell, and that both price and quality are involved.

The Common Market, a customs union providing free flow of goods and labor between five countries, has been very successful and in its first five years has accomplished most of its 8-year goal. The union also sets a protective tariff, averaging 9-10 per cent, for the countries—Germany, France, Italy, Benelux and Luxembourg.

Trends are shaping but it is early to tell what direction the market will take, whether it will be more protective or more cooperative for trade with England and the United States. The U. S. will seek to level the tariff at 4-5 per cent for export to the Common Market.

Of the \$21 billion U. S. export trade, \$4 of the \$7 billion going to Europe is in the Common Market area. With \$2 1/2 billion in imports, the U. S. has a favorable balance of trade and cuts could cause job loss in the United States.

Agricultural commodities will probably not be included in the list of products the U. S. is preparing for the negotiations which will be led by Christian Herter, as Common Market countries have not set these. The "chicken war" involves an area of trade which could wipe out a good portion of the U. S. Market, Tesoro said.

The Common Market had \$64 billion trade last year and though it has only an eighth of the U. S. land area, it has 175 million people, almost equal to U. S. population.

Mrs. James John Jacobs

Judith Lynn Anderson, James Jacobs Wed

Judith Lynn Anderson, daughter of Mr. and Mrs. Axel E. Anderson, 1701 5th Ave. S., Escanaba and James John Jacobs, son of Mr. and Mrs. Pearson F. Jacobs, 2051 113th St., Wauwatosa, Wis., repeated their marriage vows Saturday, Sept. 14 at Holy Rosary Church in Milwaukee.

The 10 a. m. double ring ceremony, performed by Father Braumeier, was followed by a lawn reception for 100 guests at the home of the bridegroom's parents.

A second reception was held Saturday, Sept. 21, at the home of the bride's parents in Escanaba.

College room mates of the bride were her attendants, Trudi Bersert, honor maid, and Marilyn Weaver, bridesmaid. Both are of Brillion, Wis. The bridegroom's roommate, David Zahn, served as best man, and Dennis Rothmeier, a classmate, was groomsmen. The guests were seated by Carl Sandstrom, Milwaukee, another classmate, and Richard Anderson of Escanaba, brother of the bride.

Bride's Gown

The bride's floor length gown was styled with a hoop skirt, trimmed with tiers of Chantilly lace and nylon organza, extending into a chapel train of lace which later tied into a bustle. A row of tiny buttons extended down the back of the bodice and the waistline line was detailed with a large flat double taffeta bow. The long sleeves tapered to points at the wrist. Her elbow length veil of silk illusion was held by a crown of pearl orange blossoms. She carried a cascade

of feathered white carnations and ivy, centered with a white orchid. Her pearl necklace was the bridegroom's gift.

Identical gowns of bronze gold lace over taffeta were worn by her attendants. The short dresses were sheath style with full over-skirts and three-quarter length sleeves. They wore tiny caps with silk illusion veiling and matching accessories. They carried cascades of fall colored mums.

Mothers' Ensembles

A beige sheath of mylar knit, embroidered with gold and brown leaves and beige accessories was Mrs. Anderson's ensemble. Mrs. Jacobs chose a beige chiffon dress with gold brocade top and full skirt, with which she wore matching accessories. Their corsages were cymbidium orchids.

The newlyweds who went to the Wisconsin Dells for their honeymoon, will live in Milwaukee at 1902 E. Olive. The bride, a 1960 graduate of Escanaba Senior High School, was graduated from Columbia Hospital School of Nursing in August. Mr. Jacobs, a graduate of Marquette University, Milwaukee, where he affiliated with Triangle fraternity, is an electrical engineer, employed by Wisconsin Power Co., Milwaukee.

Assisting at the reception in Escanaba were Mrs. Davey Juhl, who presided at the coffee service, Mrs. Wayne LaFave, who served punch and Barbara Derouin, who cut and served the wedding cake.

Annette Salley Is Bride In Naples Ceremony

St. Ann's Roman Catholic Church in Naples, Fla., was the setting for the marriage Saturday, Sept. 7, of Annette T. Salley, daughter of Mr. and Mrs. Willard Salley of Rapid River, and John L. Arnold, son of Mr. and Mrs. Arthur L. Arnold of Naples.

Father Bernard L. Hickey officiated at the 4 p. m. double ring ceremony. A reception followed at the home of the bridegroom's parents on Yucca Road, Coquina Sands.

Norma Sloan of Naples was maid of honor and Donald L. Arnold, brother of the bridegroom served as best man.

The bride wore a white crepe street length sheath embroidered in sequins. Her short veil of silk illusion lace fell from a crown of white flowers. She carried a single large orchid and cascading white carnations.

The maid of honor's gown was pale blue peau de soie. Her bouquet was of yellow mums.

The bride, a Holy Name High School graduate formerly was an airline stewardess in Michigan. Mr. Arnold attended Northern University in DeKalb, Ill., and is associated in business with his father in Naples.

The newlyweds are residing in Naples, following a wedding trip to North Carolina.

Isabella Venette-James

Mr. and Mrs. William Venette announce the marriage of their daughter, Dell Rosa to William James of Santa Barbara, Calif. The ceremony took place Sept. 19. The new Mrs. James is a registered nurse at the Santa Barbara Medical Clinic.

Mrs. Felix Cayemberg is a patient at St. Francis Hospital.

Kay Christensen Wed In San Bernardino

At home at 1331 E. LaPalma Ave. in Anaheim, Calif., following a northern California honeymoon tour, are Mr. and Mrs. George William Haskell Jr., who were married Aug. 24 in First Congregational Church in San Bernardino. The bride is the former Kay B. Christensen of Anaheim, daughter of Mr. and Mrs. Ralph A. Christensen, 923 Lake Shore Drive, Escanaba.

Dr. George W. Haskell Sr., pastor of the church, and father of the bridegroom, performed the 8 p. m. double ring ceremony, which was followed by a reception in the church parlors.

The bride, whose father was unable to attend the wedding because of illness, was given in marriage by her brother, Richard Christensen, also of Anaheim. Her gown of silk organza over white satin was princess style with a full skirt. The strapless empire bodice was overlaid with Brussels lace which formed a Sabrina neckline and fingertip sleeves. Appliques of the same lace were lightly scattered on the chapel train. Her elbow length veil was attached to a silk organza rose. She carried a cascade of white roses and lily of the valley.

Brides' Attendants

Maid of honor for her sister was Karen S. Christensen and bridesmaids were Virginia M. Haskell, sister of the bridegroom, who is attending Olivet College, and Mrs. Terrence J. Bennett, of Fullerton, the former Susan J. Trotter of Escanaba.

They wore identical floor length sleeveless dresses of emerald green chiffon over taffeta. The fitted midriff and strapless bodice was covered with chiffon, forming a Sabrina neckline and the slightly plicated skirt fell in soft straight lines. A self chiffon panel flowed from the back shoulders to the floor. Their headpieces were a chiffon rose with off-the-face veiling and they carried cascades of white whole and feathered carnations.

William Logan Orcutt of Los Angeles was best man and ushers were Richard Christensen and Terrence Raffield, Los Angeles.

Mothers' Attire

Mrs. Christensen chose a powder blue sheath of embroidered silk organza over taffeta and the bridegroom's mother wore a sheath of coral chiffon. Their accessories were matching shades and their corsages, white roses.

The bride, a 1955 graduate of Escanaba Senior High School, was employed by Coleman Nee, Northwest Fruit, Prudential and the Social Security Administration while in Escanaba, and since going to California in 1959, has been with Autometrics, a division of North American Aviation, Inc. Her husband, who is with the same corporation, is a graduate of George Washington High School, Los Angeles, and received his BA degree from Pomona College, Claremont.

As examples of the kinds of help given to countries under A. I. D. Mrs. Marshall cited the following: Training of teachers, showing how to build houses as in Guatemala, fisheries in Pakistan, teaching the use of forests in Cambodia, printing and distribution of textbooks, and instruction in agriculture in many parts of the world.

Mrs. Marshall added that this help is in the form of loans.

The U. P. Future Nurses Rally being held Saturday, Oct. 5 in Clark Co. paper mill arranged by Munising is expected to attract upwards of 200 high school students interested in nursing and allied health careers.

Registration and luncheon reservations should be mailed to Connie Butsic, Mather High School Future Nurses secretary by Monday, Sept. 30.

The day's program begins at 8:45 a. m. with registration and cocoa hour, followed at 9:30 o'clock with a general meeting when Nancy Jo Geru, club president, will announce the program.

The Munising Club and their sponsors, Mrs. Lois Duncan, R. N., and Mrs. Dorothea Clement, R. N., have been assisted by local committees.

Program Committee

The program committee directed by Mrs. Jean Benan and Mrs. Dorothy Seaberg of the Graduate Nurses Club, with local future nurse club members, is setting up booths where guests can obtain health careers information. A feature of the afternoon program will be tours of the Munising Memorial Hospital and the Kimberly-Clark Co. paper mill arranged by Mrs. Kay Saunders.

Luncheon arrangements are being made by Mrs. Mildred Ruggles, Mrs. Myrtle Reynard, Mrs. Clarence Miller of the Hospital Auxiliary and club members Janice Tiernan, Julia Campana, and Kay LaFave.

Mrs. Lynn Nebel assisted by Future Nurses is planning decorations and favors.

Mrs. Charles Symon has directed publicity; Mrs. Mary Butsic, Mrs. Ruth Campana, and Mrs. Constitineau with club members formed a secretarial committee.

Mothers' Group

Mothers of club members assisting with rally plans include Mrs. Julius Patzer, Mrs. Laurence LaFave, Mrs. Thelma Balkum, Mrs. Jean Snyder, Mrs. Janet Berket, Mrs. Campana.

Club officers include Cheryl Snyder, vice-president; Kay LaFave, treasurer; Linda and Judy Knuttila, historians; Judy Fease, student council representative.

The rally is co-sponsored by the Michigan League for Nursing. Officers include Sister M. Geraldine, OSF, director of nursing services, St. Francis Hospital, Escanaba, vice-president.

'Take It Easy' Lessons Planned For Homemakers

Homemakers who need to take it easy when doing housework are invited to attend a series of two lessons planned especially for them. These are scheduled for 1:30 p. m. Oct. 3 and 4 at the County Bldg. Mrs. Ruth Kettunen, Consultant in Homemakers Rehabilitation, Lansing, will be here to conduct the series.

The meetings are planned for women who may have a heart, arthritic or any other condition that limits them in doing housework. Any other interested homemakers are invited to attend. There is no charge for the lessons.

Mrs. Kettunen will discuss sitting at work, work levels, selection of tools and equipment, kitchen layout, storage and work simplification.

The lessons are being sponsored locally by the Delta County Health Dept and the Michigan State University Extension Service.

Homemaking Tips

Some cooks like to score flank steak before broiling it. Scored or not, the steak must be sliced — after broiling briefly — against the grain and very thinly.

The distinguishing characteristic of cake flour is that it is made from soft wheat and so produces a particularly tender baked product.

Dick Berlinski, the four-barreled carburetor that keeps the Kingsford Flivvers humming, scored three touchdowns in the 32-0 victory over Menominee . . . Berlinski, a junior who has been a star in football, baseball, basketball and track at Kingsford since his freshman year, boosted his scoring total to 69, tops in the Upper Peninsula . . . The stubby speedster has gained 692 yards in 91 carries this season.

With halfbacks Derroll Contardi and Jim Johnson sidelined by injuries, Iron River's Redskins suffered a 20-12 setback to Bessemer . . . The Bessemer Speed Boys piled up 240 yards rushing to 22 for the Redskins . . . Iron River's sophomore quarterback Dane Dominici completed eight passes for 207 yards and one touchdown.

Coach Axel Anderson's Stephenson Eagles lost their fourth straight game, third by a single touchdown, in bowing to Ishpeming 21-14 . . . Joe Turek caught two touchdown passes as the Eagles battled back from a 21-0 deficit in the third period . . . Bruce Swanson threw a pass and caught a pass to account for two of Ishpeming's touchdowns . . . Swanson is better known for his track prowess as one of the greatest milers in Upper Peninsula prep history.

Halfback Frank Verbois exploded for three touchdowns and three extra points, gaining 119 yards in 19 carries, to lead Ironwood to an overwhelming 39-0 triumph over archrival Hurley in a Michigan-Wisconsin Conference highlight . . . The victory leaves Ironwood all alone at the top of the M-W standings with a 3-0 record.

Wakefield boasts one of the U.P.'s top aerial artists in quarterback Terry Salmi . . . Salmi pitched three touchdown passes as the Cardinals defeated Ashland 19-7, hitting end Chris Zuidmuller twice and halfback Mickey Ginolfi once . . . The Cards have won three of four starts this fall.

The Mustangs, who dropped their first decision of the season, led 7-6 until midway in the second quarter . . . Wayne Martindale scored the TD and extra point for Coach Wayne Sickler's team.

Regan Surprises As Tigers' Top Mound Winner

DETROIT (AP) — "Even my wife didn't think I'd do this well."

Carol Regan wasn't alone in her opinion last June that her husband, Phil, would have trouble being a winning pitcher this season for the Tigers.

After all, on June 18, the day Charlie Dressen became manager, Phil had a 2-6 record.

Regan Monday became the ace of Dressen's staff, the Tigers' biggest winner. He recorded his 15th victory with a neat five-hitter as the Tigers beat Washington 4-1 before 674 fans, second smallest Detroit crowd this year.

Under Dressen, Regan is 13-2 and has been the hottest pitcher in the American League over the last half of the season.

"If he pitches the first part of next year like he has since I came here, he'll be my No. 1 pitcher," said Dressen.

Regan attributes his sudden success mainly to control.

"It's a combination of things," he said. "First I'm getting my sinker over and my riding (top) fastball. That's a pitch that tails up and in against right-handed hitters."

"Then I'm getting my curve over. With this, I'm mixing up my pitches more and changing speeds more."

Home runs by Norm Cash and Rocky Colavito helped Regan to his triumph over the Senators.

Don Blasingame hit a homer off

Regan to start the game but that was the only run Washington could get.

Cash tied it with his 26th homer in the first. Doubles by Bubba Phillips and Gus Triandos in the fourth sent the Tigers ahead 2-1. Cash singled for his third hit in the fifth and Colavito followed with his 22nd homer for the last two Detroit runs.

The Tigers meet Washington again today with Dressen pitching Jim Bunning (11-13). Claude Osteen (8-13) was to pitch for the Senators.

Sooners To Play Southern Cal In College Feature

By The Associated Press

An early season match that could have a key bearing on the national football title is set for this Saturday—Southern California vs. Oklahoma at Los Angeles.

Southern Cal's defending national champions retained their hold on first place in The Associated Press poll this week—by a narrow margin—and Oklahoma moved up a spot to third. In between is Alabama, which enters Tulane this Saturday and could shove into the top if the

Trojan-Sooner game on the West Coast produces indecisive results.

Southern Cal, a struggling 14-0 winner over Colorado in its opener Saturday, had its front - running margin cut drastically. The Trojans received 23 of the 51 first-place votes cast by the special panel of sports writers and broadcasters to 16 for Alabama and on points it was a close 361-355, based on 10 for first, nine for second and so on.

"Bama crushed Georgia 32-7 and took over second from Mississippi, which was held to a scoreless tie by Memphis State and fell from the Top Ten."

Oklahoma whipped Clemson 31-14. Texas climbed up a notch after a 21-0 victory over Tulane, and Navy shot from ninth to fifth on the strength of its 51-7 rout of highly regarded West Virginia.

The Top Ten, with first - place votes in parentheses and total points on a 10-9-8 etc. basis:

1. Southern California (23) 361
2. Alabama (16) 355
3. Oklahoma (12) 298
4. Texas 237
5. Navy (3) 228
6. Wisconsin 208
7. Northwestern (5) 197
8. Arkansas 152
9. Georgia Tech 84
10. Pittsburgh (2) 67

Duffy Names Starting Crew

EAST LANSING (AP) — Coach Duffy Daugherty has completed his list of starters for the opening game Saturday against North Carolina by naming sophomore Steve Juday as starting quarterback.

Juday, a steady passer, got the nod over junior Dick Proebstle, who earned a letter as a sophomore in 1961 but was out for all but one game last fall because of a spleen injury.

Picking the 173 - pound sophomore from Northville as the starter "does not mean that he has the job locked up for the season," Daugherty noted.

The remaining backfield men are left half Sherman Lewis, a 152-pounder from Louisville, Ky.; right half Dewey Lincoln, a 181-pounder from Hamtramck; and fullback Roger Lopes, a 210-pounder from Honolulu. All are seniors.

Daugherty says he plans on substituting Charles Migyanka, 184-lb. junior, for Juday on defense. Other defensive specialists are Lou Bobick, 176-lb. junior, the Spartan punter and defensive fullback; Don Japunga, 160-lb. sophomore, at defensive right half and Underwood, 204-lb. senior, who'll fill in for offensive left end Tom Krzemienksi, 192-lb. junior.

Rounding out the offensive line with Krzemienksi will be 236-lb. Dave Herman at left tackle; 218-lb. Earl Lattimer at left guard; 199-lb. Don Ross at center; 207-lb. John Karpinski at right guard; 214-lb. Rahn Bentley at right tackle; 245-lb. Matt Snorton at right end.

Horning feels he'll be back

KNOXVILLE, Tenn. (AP)—Ex-Green Bay Packer halfback Paul Horning said Monday his suspension from the National Football League for betting on his own team was justifiable.

"I violated a clause in my contract," said Horning.

He and defensive tackle Alex Karras of the Detroit Lions both were suspended at least for the 1963 season for betting.

Horning said he would ask NFL Commissioner Pete Rozelle to reinstate him before the 1964 season.

"The NFL will review the facts in my case before next season, and I know the league will give me consideration," said Horning, here to address the Knoxville Quarterback Club.

The Central League, composed of Trenary, Rock, Perkins, Eben, Bark River, Rapid River, Cooks, Nahma and Garden, is in its 18th season of operation.

Rapid River is defending champion in track.

Plans were made to continue the seventh-eighth grade basketball program this year, again splitting the league into northern and southern divisions. Trenary, Rock, Perkins and Eben will be in the northern division. Bark River, Rapid River, Cooks Nahma and Garden in the southern. Teams will play in their own division through the season with the leaders meeting for the championship.

The Central League officials passed the following resolution:

"Only athletes whose actions are in the best interests of high school athletics will be eligible for league honors at any time."

Kingsford Is Rated Ninth In State AP Football Poll

By The Associated Press

Ann Arbor in Class A and Galesburg-Augusta in Class C-D hold comfortable margins in The Associated Press' second weekly high school football poll. But East Grand Rapids has come on with a rush to challenge Bad Axe in the Class B poll.

Ann Arbor, the top team in the state last year and 26-0 victor over Kalamazoo Central last Friday, continued as the top point getter in the vote by the AP's statewide panel of sports writers and sportscasters.

Bay City Central moved into the No. 2 spot by a point in Class A, Battle Creek Central dropping to third.

The only newcomer in Class A

is Saginaw, which dumped previously rated Midland, 27-12, last Friday and moved into the No. 9 spot.

East Grand Rapids gained considerable support after clobbering Zeeland, 39-6, last Friday and rose to the No. 2 spot in Class B, replacing West Bloomfield, which dropped to third. East Grand Rapids is just five points in back of Bad Axe.

Kingsford, the Upper Peninsula power, impressed enough voters with its 4-0 record to move into the No. 9 spot. Otsego and Willow Run shared the last spot in Class B in their first appearance among the elite.

In Class C-D, Kalamazoo St. Augustine climbed three notches to take over second place behind reigning Class C-D champion Galesburg-Augusta.

Ferndale St. James and Addison joined the top 10 for the first time, placing No. 9 and No. 10 respectively.

Engadine Bows To Brimley '11'

ENGADINE—Coach Red Carlson's rebuilding Engadine Eagles suffered a 47-6 setback to Brimley in the Eastern Upper Peninsula football conference.

Engadine's lone touchdown came on a 63 yard pass play from sophomore Richard Ozanish to Marv Germain in the third period.

The Eagles gained 119 yards through the air on six passes in 17 attempts. Steve McQuire and Gordon Boucha turned in noteworthy performances for Engadine. Tim LaPine, a former Engadine resident, was a standout for Brimley.

Cassius Has Hit With Beat Disk

By WILL GRIMSLEY

NEW YORK (AP) — Cassius Marcellus Clay Jr.'s long-playing record album "I Am the Greatest" isn't going as fast as "If I Had a Hammer," "Mickey's Monkey," "Sally, Go Round the Roses" and other platters which send the beat generation into screaming ecstasy, but it is a definite early hit on the Hit Parade.

"Cassius' records are going very well, considering they've only been out a couple of weeks," said the proprietor of one mid-Manhattan spin "em-emporium."

"Strangely, they appeal more to gentle old ladies and big, tough ditch-digging types than to the teen-agers."

If you have \$3.98 and a full half-hour to spare, you can sit and listen to the bashing bard of Louisville tell you what a great fighter he is and how quickly he plans to disintegrate Sonny Liston, when and if they're put inside the same ring.

"I am the greatest!" Cassius repeats so many times that you constantly are checking to see if the needle is stuck.

He recites some of his favorite poetry—by his favorite rhyme-maker, Cassius Clay:

"This kid is great—he's got endurance.

"If you sign to fight him, increase your insurance."

"If you sign to fight him, increase your insurance."

Hardly Whittier—but nobody ever praised John Greenleaf's left.

The poet laureate of Cauliflower Row dispenses with enough corn to bankrupt the state of Kansas.

"Mister Liston don't need boxing lessons or talking lessons—he needs falling lessons."

"I saw that ugly man shadow boxing—and his shadow won."

"All Liston's got is a physical fatness program."

"I'm gonna be champion before I'm old enough to do shaving commercials."

Cassius, to fill out the platter, even does a medieval stint—"My mama once told me there were knights like this," a maiden cooed—and holds a presidential-type press conference.

Mr. Clay, he is asked, do you have anything against Sonny Liston?

"Naw," replies Cassius. "He's a nice old man—only he's got my job."

Mr. Clay, have you ever been in love?

"Not with anyone else."

Owen Peterson President Of Central League

Owen Peterson

Owen Peterson, Nahma High School basketball coach whose Arrows are defending champions in the Central League, was re-elected president of the league at the annual fall meeting.

Other officers named for the year were Steve Ellis, Trenary, vice president; Norm Slough, Rapid River, secretary-treasurer, and Vic Mankiewicz, Rock, statistician.

The Central League, composed of Trenary, Rock, Perkins, Eben, Bark River, Rapid River, Cooks, Nahma and Garden, is in its 18th season of operation.

Red Wing Vets Sign Contracts

DETROIT (AP)—Veteran e-fensemen Bill Gadsby and Marcel Pronovost and forward Parker MacDonald signed 1963-64 contracts Monday with the Detroit Red Wings of the National Hockey League.

Gadsby is starting his 18th NHL season, his third with Detroit. Pronovost has spent all his previous 13 NHL seasons at Detroit and MacDonald has played three years for Detroit after previous experience with Toronto and New York.

The New York Yankees beat the Chicago White Sox in their season series, 10 games to 8.

McHale Says:

Braves Stay In Milwaukee

MILWAUKEE (AP)—The Milwaukee Braves are going to stay in Milwaukee "as long as we are welcome."

In a statement intended "to dispel confusion," Braves president John McHale said Monday the syndicate of midwestern businessmen that bought the National League baseball club a year ago had received offers, and had listened as attendance continued to slip.

"But when our group bought the team," McHale said, "We bought it as the Milwaukee baseball club. We intend to keep it that way."

The announcement came during a continuing swirl of reports that Atlanta, Ga., and San Diego, Calif., had made tempting offers for the Braves, whose move from Boston 11 years ago touched off the major leagues' dazzling gold rush. The lures reportedly included lucrative radio-television offers.

McHale said that feelers also were received from Toronto and the Texas cities of Dallas-Fort Worth.

When the rumors the Braves might leave began to pop up, the management said a decision would be made after the close of the season at a meeting of directors.

McHale explained that no formal meeting was held. "Bill Bartholomay (chairman of the board) got in touch with all of them over the weekend. The decision was to do

what was right, not only to Milwaukee but to the stability of baseball itself."

In his formal statement, McHale said, "in order to dispel confusion, my associates join me in making this statement:

"The Braves will be in Milwaukee, today, tomorrow, next year and as long as we are welcome. Normally, the results of a baseball operation and plans for the future are discussed at the end of the season. However, in this case, the Braves management feels that the air should be cleared."

McHale also said there had been no contact with the league office about moving the club.

Johnson's Team Golf Champion

GLADSTONE — Walter Johnson's team surged into first place in the final standings of the Gladstone Golf Club Twilight League on the final day of the season.

Johnson's scored six points against previous leader Ivory's to capture the second half championship. Ivory's skidded into third place behind Boydston's team.

Golfers had their best day of the season, paced by Jim Sundelius with a hot 33. Jim Damitz and Walter Johnson fired 38s, Charles Johnson, Phil Legault, Joe Butch and Jack Smith 39s, Bill Wood, Bob Skellenger, George Minne and Ron Anderson 40s.

Play on Sept. 25 will feature a special event to be followed by dinner and awards for the second half of league play.

Final standings: Walter Johnson 36, Gus Boydston 35, Ivory 33½, Sundelius 28, Charles Johnson 27, Smith 27, Skellenger 26, McCarthy 25, Damitz 24½, Legault 20.

Pistons Anxious To Bump Heads

ST. CLAIR (AP) — The Detroit Pistons "anxious to start bumping heads"—head for Edwardsville, Ill., today for their first exhibition game of the season, against the St. Louis Hawks Wednesday night.

The exhibition contests will be the proving ground for candidates for starting positions with the National Basketball Association club, said Coach Charley Wolf.

Veteran Ray Scott has back trouble, Jackie Moreland has a foot ailment and rookies Gary Sile and Dave Wickson have leg injuries, but all are expected to play against St. Louis.

Champagne Cold As Dodgers Wait For Good News

LOS ANGELES (AP)—For the Los Angeles Dodgers the long, hot summer seems over. The champagne is cold. The magic number is one.

One win by the Dodgers—which could happen tonight at the New York Mets' expense—or one loss by the St. Louis Cardinals—at the enrichment of the Chicago Cubs—was all that the Dodgers needed for the National League pennant.

A Los Angeles radio station announced plans to broadcast progress of this afternoon's Cards-Cubs game every half inning, and

the listeners are sure to include a bunch of guys who would like to drive to the Dodger Stadium as champions.

"I don't care how we win it, or by what device," said Don Drysdale, the big, side-armed pitcher who is pitching tonight against the Mets.

"They can't say we backed into it, no matter what happens," said Drysdale. "We won five of six to get where we are, and three of those wins were head and head against the Cards."

The champagne is on ice in the Stadium Club at Dodger Stadium, and it's mighty cold. Some say it has been there since last year about this time, when an end-of-season plunge brought disaster to Dodger pennant hopes in a play-off loss to San Francisco.

On July 2 it was Drysdale who defeated Curt Simmons and the Cardinals, 1-0, in the same stadium, to put the Dodgers ahead. They've been there ever since.

He opposes Tracy Stallard tonight. Drysdale is 18-17, Stallard 6-16. In 15 games against the Mets this season the Dodgers have only lost two—and Stallard pitched one of them, a four-hitter July 30.

There was only one game scheduled in the majors Monday. Detroit whipped Washington 4-1.

Norm Cash got the Tigers started with a first-inning homer and Rocky Colavito connected in the fifth with a man on. Phil Regan, touched for Don Blasingame's first-inning homer, won his 15th with one-out relief help from Willie Smith. Regan struck out Wilie in 8 2-3 innings.

Not only was the game the longest ever played in the tournament, breaking the 24-inning record set by Springfield, Mo., and Baltimore in 1954, but it was also stopped for 53 minutes by rain in the middle of the fourth inning.

One pitcher, Jack Hutchinson of Portland, left the game with fatigue after 29 innings although he struck out 23, walked only eight and gave up 10 hits.

The winner, Eddie King, a 30-year-old telephone company accountant, pitched 25 innings, walking only one, allowing eight hits and striking out 25. He also drove in the winning run.

To top it off, Portland had the longest ever played in the tournament, breaking the 24-inning record set by Springfield, Mo., and Baltimore in 1954, but it was also stopped for 53 minutes by rain in the middle of the fourth inning.

BRIDGING SPACE AND TIME—Just as America is engaged in a massive highway building program—the 41,000-mile Interstate System—so has Europe embarked on a similar effort. As economic barriers between nations come down, superhighways, tunnels and bridges conquer physical barriers. An example is the giant Europa Bridge over the Sill Valley in Austria, shown above as the last gap in its 2,700-foot length was being closed. The bridge is 625 feet high at this point. It will provide a faster link between Innsbruck and the Brenner Pass.

Planned Deficit Spending Sighted

WASHINGTON (AP) — In the news from Washington: **TAX CUT:** A Republican congressman says President Kennedy's \$11 billion tax cut proposal is designed to lead the nation down the road to a planned deficit spending economy. Rep. Thomas B. Curtis charged in a radio-television talk that "the President's actions, if not his words, demonstrate beyond doubt that he is advancing a new and untried fiscal theory for the United States, the theory of planned deficits."

The Missouriian's speech Saturday night was part of a continuing Republican barrage against passage of the tax cut unless Congress at the same time clamps a lid on federal spending.

CIVIL RIGHTS: Sen. Kenneth B. Keating says an on-the-spot hearing in Birmingham, Ala. — scene of 21 racial bombings in recent years—would help convince "the doubting Thomases" in the Senate of the urgency for civil rights legislation.

The New York Republican said Sunday in a taped radio-television broadcast for New York stations that such a hearing should be made with "proper precautions" and "in good faith" by the Senate Judiciary Committee or its Constitutional Rights subcommittee.

CRIME: Authorities say ex-mobster Joseph Valachi is nursing a seething rage against his former underworld pals and can hardly wait to testify against them in a Senate hearing which starts Wednesday.

The Justice Department will be responsible for security precautions in the crowded public hearing room during the appearance of Valachi, who reportedly has a \$100,000 underworld price on his head for spilling the secrets of a national crime organization called Cosa Nostra.

CANADA-TRADE: Canada plans to help solve its international trade deficit by cutting down imports of U.S. auto parts.

Canadian officials informed the United States at an economic conference here that it hopes to create about 60,000 jobs in Canada by expanding auto parts production.

Canada now imports about 90 per cent of its auto parts from the United States.

Why Sonic Boom? Film Explaining Cause Is Offered

The Escanaba Chamber of Commerce has been advised that a film with sound track on the sonic booms created by airplanes breaking the sound barrier is available for showing to clubs and organizations. Lt. Mike Roberts of the K. I. Sawyer AFB public information office will narrate the film.

A projector will be furnished along with the film, but a screen must be provided.

Interested organizations are asked to contact the Chamber office for scheduling, ST 6-2192.

Talks On Beetles At Bark River

BARK RIVER — Gail Bowers, Menominee County extension director, and Lester Walcutt, Menominee County 4-H agent, will speak at Bark River-Harris Elementary School Wednesday, Sept. 25, at 8:30 p. m. Their subject, which is of vital importance to both country and city dwellers, will be "The Vereal Leaf Beetle and the Japanese Beetle."

Trenary

Birth
Mr. and Mrs. Jack Finlan, Milwaukee, are the parents of a daughter, Roxanne Marie. Mrs. Finlan is the former Arlene Aho.

Cleaning Bee
The Methodist W. S. C. S. will meet Thursday, Sept. 26, at the church for a cleaning bee. Lunch will be served by Mrs. Ruth Jacobson and Mrs. Mary Spielmacher.

Lions Dinner
The annual Lions club chicken dinner will be held Tuesday Oct. 1 at the Kiva club house.

New Teachers
The First Lutheran Church Sunday School has added three new teachers to the staff. They are the Misses Emily Savola, Elaine Maki and Kathy Iho.

Mrs. Alina Martinson, a former Trenary resident, is a patient in Methodist Hospital, Rochester, Minn.

Mr. and Mrs. William Hytinen attended the Green Bay Packers-Lions football game Sunday in Milwaukee.

David Laurich and David Clemens have returned to Aurora, Ill., after visiting in Traunik.

Mrs. Lary Robb and children, Milwaukee, are visiting at the home of her parents, Mr. and Mrs. Robert Lustick, Traunik.

Mrs. Ludwig Knaus of Traunik has been elected to the board of directors of the newly organized Upper Peninsula Holstein-Friesian Breeders Association.

North Wisconsin Program Drafted

WASHINGTON (AP) — A broad program for northern Wisconsin for the dual purpose of improving the lot of those who live there and enabling the area to fulfill its greatest potential was suggested today by Sen. Gaylord Nelson, D-Wis.

The program was sent to Secretary of Agriculture Orville E. Freeman with a commendation by Nelson for Freeman's calling a conference of officials and civic leaders to be held at Duluth, Minn., today and Wednesday.

This conference is to be addressed by President Kennedy during his tour of conservation areas of the nation. Officials from Minnesota, Wisconsin and Michigan will be present.

The principal hope for the north, Nelson said, lies in its carefully planned development as a permanent recreation center for 50 million Americans who live within 500 miles of the area.

The keystone to recreational development of the area would be the creation of a national park in the Apostle Islands section, Nelson said.

In addition, he said, the northern area of the three states needs a program of economic development to help it overcome problems resulting from "long-term trends and apparently irresistible economic forces."

Nelson said that a continuing program such as Area Redevelopment Administration grants and loans is needed to provide industrial base and employment opportunities.

Garden

Circle Meets
St. Martha's Circle was entertained by Miss Fern Mellon and Mrs. V. E. Winter at the home of Miss Mellon on Thursday evening. Plans were made for a game party at St. John's Hall sometime in October. Games and refreshments followed the meeting.

Mr. and Mrs. Don McKeon and son, Mark of Flint came Friday to get Mrs. Angeline McKeon who has spent the summer at her home in Garden. She expects to spend the winter in Flint and return to Garden in the Spring.

Frank Gray is spending a few days in Lansing, Ill. with his sister, Mrs. James Casey and family.

Cholera Spreads

SEOUL, Korea (AP)—U.S. military personnel in Pusan were ordered to remain in their compounds because of a cholera epidemic that has taken 12 lives in the southeast Korean port. Similar restrictions were placed on South Korean soldiers.
